PURE TEA**

*The Pure Black is not artificially
darkened in the leaf.
The Pure Green has no Starch
that, being a dark only Tea.*

*Is choice and strong,
because it consists of the most
valuable growths that are full of
rich essential properties.*

*Is moderate in price,
because it is supplied direct
from the Proprietors to the
Consumers by Agents, to save all
intermediate profits.*

*Is wholesome to use,
because it is not 'faced' with
the usual powdered mineral
colors.*

*These advantages
have secured for this Tea a
general preference. To ensure
its reaching the purchaser at a
fixed value, it is sold in packets
at the price printed on each,
2s. 4d., 3s. 6d., 4s., & 4s. 6d. each.*

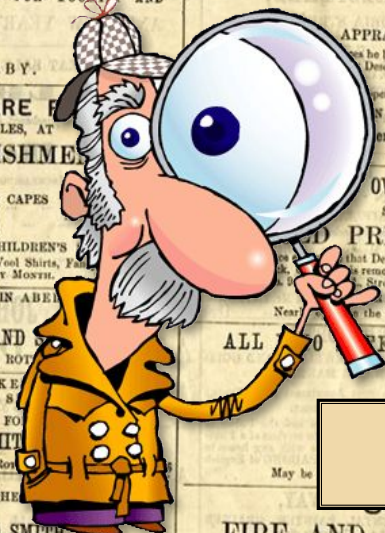

*As a spurious article

"Sir,—I have much pleasure in testifying to the value of your
Waterproof for leather, which I have used for the last three or

I can with confidence assert that its use makes the leather softer

GLENFIELD PATENT STARCH
AWARDED THE PRIZE MEDAL, 1862.
THIS UNRIVALLED STARCH IS USED IN THE ROYAL LAUNDRY, AND PRONOUNCED BY HER MAJESTY'S LAUNDRESS TO BE THE FINEST STARCH SHE EVER USED. HER MAJESTY'S LACE DRESSER DECLARES IT TO BE THE BEST SHE HAS TRIED, AND THE ABOVE AWARDS BY SOME OF THE MOST EMINENT SCIENTIFIC MEN OF THE AGE, CONFIRMS ITS SUPERIORITY.

HORNIMAN'S PURE TEA
The Pure Black is not artificially darkened in the leaf. The Pure Green has no Starch tint, being a dark olive hue.
Is choice and strong, because it consists of the most valuable growths that are full of rich essential properties.
Is moderate in price, because it is supplied direct from the Importers to the Consumers by Agents, to save all intermediate profits.
Is wholesome to use, because it is not 'faced' with the usual powdered mineral colors.
These advantages have secured for this Tea a general preference. To ensure its reaching the purchaser at a good value, it is sold in packets at the price printed on each, 3s. 4d., 3s. 6d., 4s., & 4s. 6d. per lb.
As spurious imitations are offered, see that all are signed by Horniman & Co. LONDON, Original Importers of Pure Tea, AGENTS IN THIS DISTRICT

BOOTS AND SHOES to last twice the time without cracking; beautifully soft, easy to the feet, and quite waterproof.

STRAWSON'S WATERPROOF,
For BOOTS AND SHOES, Price 1s.

This composition will be found the best ever brought before the public as a Waterproof for Leathers, Boots and Shoes dressed with this composition will resist all damp from wet soil, wet grass, dew, and even snow, and will last three times as long as any others.

"Dear Sir,—I beg to tell you that I constantly apply your Waterproof Composition to my boots, and am so satisfied of its usefulness that I frequently recommend it to my friends. Not the least of its valuable qualities is, that it prevents leather from getting dry and hard. I have this day put on a pair of my boots for the first time, which I dressed with your Composition eight or ten months since. The leather is as soft as the piece of the finest kid. You are at liberty to make any use of your Waterproof Composition, and I am, dear Sir, very faithfully yours,
JAMES STRAWSON, M.L.C.
"Mr. Strawson."
"Dear Sir,—I have much pleasure in testifying to the value of your Waterproof for leather, which I have used for the last three or four years with the most complete success. Having made a walk to the test of experience, I had a pair of boots made of very thin leather, dressed twice with your Composition, and submitted to them for some hours through the action of a long wet grass, and returned home with my feet perfectly dry. I can with confidence assert that the use makes the leather softer and more durable, as well as perfectly waterproof, and I generally recommend it to gentlemen for whom I make boots for shooting, fishing, &c., being the best in the world I have ever tried. (Signed) GEORGE BARSTON.
"Mr. H. Strawson. Bootmaker, Church Street, Crewkerne."
