HORNIMAN'S PURE TEA

The Pure Black is not artificially darkened in the leaf. The Pure Green has no Starch tint, being a dark olive tea.

Is choice and strong, because it consists of the most valuable growths that are full of rich essential properties.

Is moderate in price, because it is supplied direct from the Importers to the Consumers by Agents, to save all intermediate profits.

Is wholesome to use, because it is not 'faced' with the usual powdered mineral colors.

These advantages have secured for this Tea a general preference. To ensure its reaching the purchaser at a fixed value, it is sold in packets at the price printed on each.

As spurious imitations are offered, see that all are signed by Horniman & Co. LONDON, Original Importers of Pure Tea.

For BOOTS AND SHOES. Price 1s.

This composition will be found the best ever brought before the public as a Waterproof for Leathers. Boots and Shoes dressed with this composition will resist all damp from wet soil, wet grass, dew, and even snow, and will last three times as long as any others.
