**Now, let's visit different
interesting
places in Australia!**

Great Barrier Reef

- The Great Barrier Reef is one of the seven wonders of the natural world, and pulling away from it, and viewing it from a greater distance, you can understand why. It is larger than the Great Wall of China and the only living thing on earth visible from space. The reef, between 15 kilometres and 150 kilometres off shore and around 65 Km wide in some parts, is a gathering of brilliant, vivid coral providing divers with the most spectacular underwater experience imaginable.

Aeyrs Rock(Uluru)

- Ayers Rock is a large sandstone rock formation in the southern part of the Northern Territory in central Australia. It lies 335 km (208 mi) south west of the nearest large town, Alice Springs, 450 km (280 mi) by road. Uluru is notable for appearing to change colour at different times of the day and year, most notably when it glows red at dawn and sunset.

Sydney Opera House

- The building of Sydney Opera House is known all over the world. Its unusual architecture is unique, so it became one of the main sights in Australia. It was opened in 1973.

Harbour Bridge

- It is the biggest bridge in Sydney. The Sydney Harbour Bridge is a steel through arch bridge across Sydney Harbour that carries rail, vehicular, bicycle, and pedestrian traffic between the Sydney central business district (CBD) and the North Shore. The dramatic view of the bridge, the harbour, and the nearby Sydney Opera House is an iconic image of Sydney, and Australia. The bridge is nicknamed "The Coathanger" because of its arch-based design

Great Ocean Road

- The Great Ocean Road is an Australian National Heritage listed 243 kilometres (151 mi) stretch of road along the south-eastern coast of Australia between the Victorian cities of Torquay and Allansford. The road is the world's largest war memorial.

Kakadu National Park

- Kakadu National Park is a protected area in the Northern Territory of Australia, 171 km southeast of Darwin. The name Kakadu comes from the mispronunciation of Gaagudju, which is the name of an Aboriginal language formerly spoken in the northern part of the park. There are a lot of rare species of animals, which you never meet anywhere.
