

PLUSES AND MINUSES OF THE INTERNET

**IN OUR TIME THE INTERNET SHOWS BY
ITSELF ONE OF MAJOR PARTS OF THE
WORLD. NOW ABOUT HIM KNOW
EVERYTHING LITERALLY.**

When someone
reflects from
you, why the
internet is
needed?

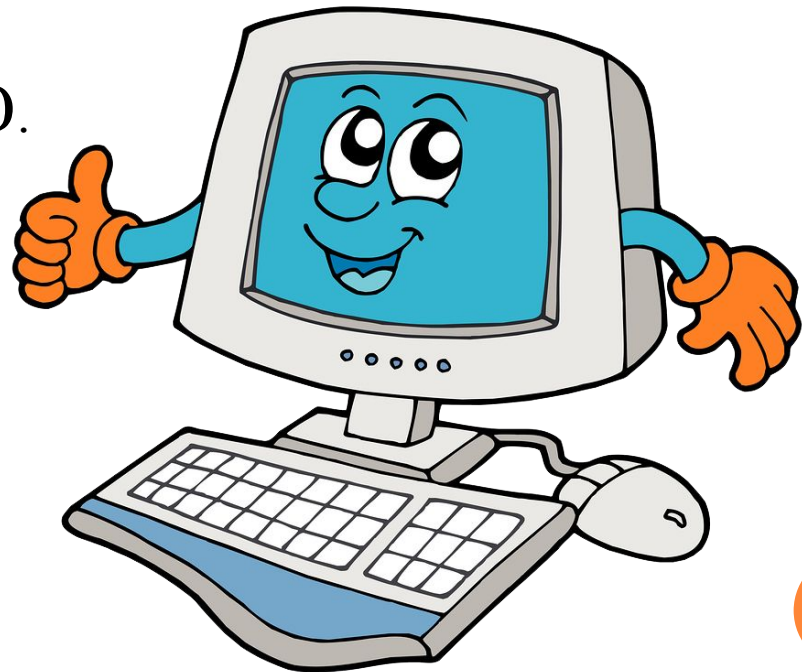

ONE OF THE MAIN ADVANTAGES OF
THE INTERNET IS MUCH DIFFERENT
INFORMATION.

- ✓ You can download many interesting films, sounds, books, computer games, programs for your computer.
- ✓ You can read news about subject which is interesting for you.
- ✓ You can chat and send mails to your friends.

- ✓ Some people earn due to the internet.
- ✓ Due to the internet it is possible to pay shield.
- ✓ The internet is a window in the WORLD.

On the other hand, there are many disadvantages about using the Internet.

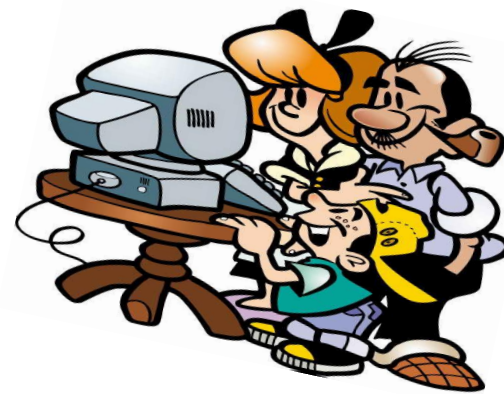

- ✓ You can get viruses on your computer by visiting any web-sites you don`t trust and downloading files from them.

- ✓ You can get blackmail or spam.

- ✓ Using the Internet for many hours is not good for your sight.

The Internet is neither good nor bad, it can be dangerous and useful at the same time, and everyone should make his own choice to use it or not.
