USAGE

USAGE

Usage

- 1) Мы используем Present Continuous, когда говорим о действии, которое происходит в момент речи, например:
Please don't make so much noise, I'm studying. (not "I study")
"Where's Margaret?" "She's having a bath" (not "she has")
- 2) Мы также используем Present Continuous описывая действие, которое происходит сейчас, но не в момент разговора, т.е. действие началось, но не закончилось. Оно, как бы, находится в прогрессе, именно поэтому его иногда называют Present Progressive. например:
I'm reading an interesting book at the moment. (не обязательно сейчас, главное, что начал и не закончил читать.)
Now I'm studying English. (то же самое)

Usage.

- 3) Present Continuous часто используется, с каким-то периодом времени, в который входит настоящее. например: (сегодня, в этом месяце, в этом году)

You`re working hard today.

Tom isn`t playing football this season.

- 4) Present Continuous используется, чтобы выразить изменяющуюся ситуацию. например:

The population of the world is rising very fast. (*not "rises"*)

Is your English getting better? (*not "doesget"*)
