

Presentation on the topic
“Hippy’s subculture”

Something about history

Hippy is such an interesting and strange youth subculture, which started in 1965 in San-Francisco. When it was create – it was such an revolution in the USA. All young people started to be a hippy and it had great impact on the culture of USA. For example on the music, films and books. Many things hippy try to say with music, and they do it very well.

Hippy`s emblem

Culture of Hippy

From behind slide you can understand that the main theme, and the commandment of hippy was: "Make love, not war" It was such a hard time, except after Vietnam war, when people wanted to had something new and, maybe, incredible in their life.

They wanted to be happy and they was happy! They have interesting, sometimes strange, and sometimes very strange life

Hippy`s Style

Hippy like free style of life. Thy dressed in the long clothes with combined with India culture!

Their clothes

They have long hair and strange beard.

Also we must knew about them some interesting facts:

1. They like free light drugs very much, and this is not good.
2. They prefer freelove relationships.

Hippy`s like rock-music and the most famous rock-hippy`s singer were: Jimmy Hendrix, Janis Joplin. The Beatles and The Doors. In their song they try to sing about peace, and spiritual values
