

Saint Valentine's Day

Legends of Valentine's Day

One legend says that Valentine was a priest who served during the third century in Rome. When Emperor Claudius II decided that single men made better soldiers than those married, he outlawed marriage for young men.

Valentine, realizing the injustice of the decree, defied Claudius and continued to perform marriages for young lovers in secret. When Valentine's actions were discovered, Claudius ordered that he be put to death. And Valentine's Day is celebrated in the middle of February to commemorate the anniversary of Valentine's death, which probably occurred around 270 A.D.

Modern Valentine's Day

Nowadays Valentine's Day is celebrated in many countries of the world on February 14. It is a day on which lovers express their love for each other by presenting flowers, offering confectionery, and sending greeting cards (known as "valentines").

Interesting facts about Valentine's Day

Valentine's Day is the second largest card-sending holiday of the year (after Christmas).

Approximately 85 percent of all valentines are purchased by women.
