A tourist season guide

Winter

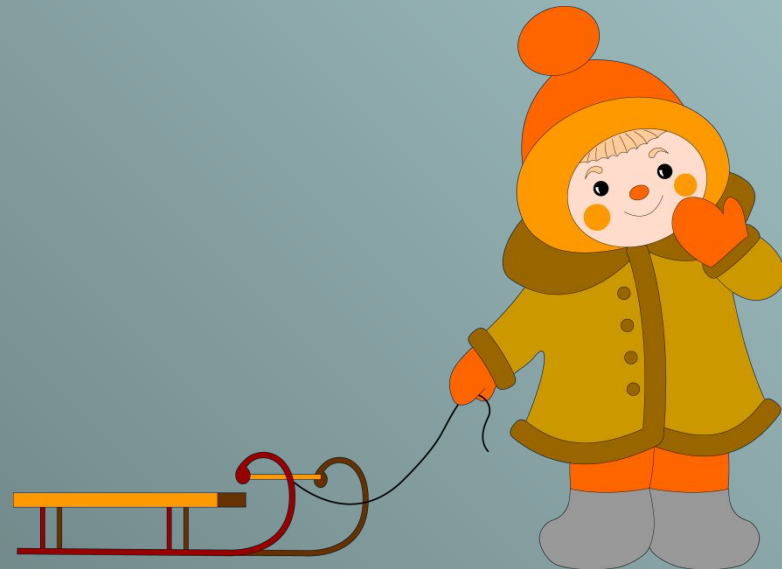

Winter in our region is not very cold. It is usually 5-10° below zero, but sometimes temperature falls to -15-20 degrees. There is little snow. If there is some it melts soon because temperature may be 5-7° above zero. Sometimes it is foggy and wet. Strong and cold winds blow almost every day. Sometimes they can bring heavy snowfalls. Then we can see snow everywhere: on the ground, on the roofs of the houses, in the

trees. It is very beautiful!

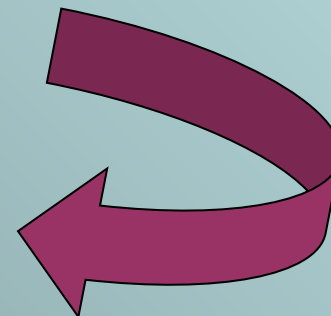

If it is frosty and there is much snow children can make a snowman, skate or ski, play hockey and sledge. But most of all children like playing snowballs, especially boys.

A decorative banner with a white, birch bark-like texture, curved across the center. The banner is surrounded by green birch leaves and catkins. The word "Spring" is written in a green, cursive font on the banner. The background is a light blue gradient.

Spring

Spring is very beautiful season in our region, especially in April and May. Everything is in blossom. You can see charming cherry and apple trees. They smell wonderfully. The grass is green and there are many different flowers: tulips, daffodils, poppies and lilacs. The weather is usually warm. It is 5-10° above zero in March and in April and May it may be 20-25°. The air is fresh and there is little rain. Such weather is very comfortable for long walks.

In spring there is much work in the fields, gardens and kitchen gardens.

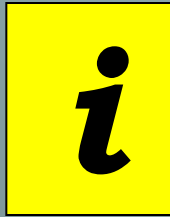

Farmers sow the grains of wheat, plant vegetables and young plants. You can see tractors and lorries in the fields.

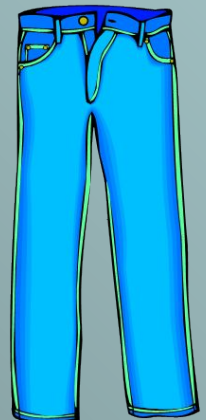

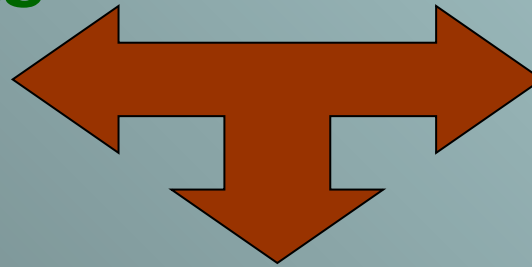

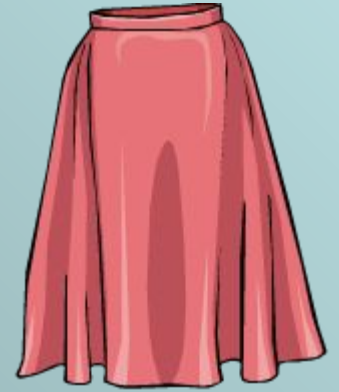

Some people who live in the villages or have cottages plant different flowers around their houses. They make beautiful flower beds.

In spring we can go to the country and have a walk in the woods or by the river, play ball-games, and even swim.

Summer

Summer in our region is very hot and dry. It is usually 30° above zero, but sometimes the temperature may rise to 35-40°. There is little rain.

Summer is a very rich season.

You can find practically all fruits and vegetables in the orchards and kitchen gardens: tomatoes, carrots, cucumbers. You can try apples, pears, plums, grapes, apricots, water-melons and other berries.

Summer is a splendid season for rest. Most people have their holidays.

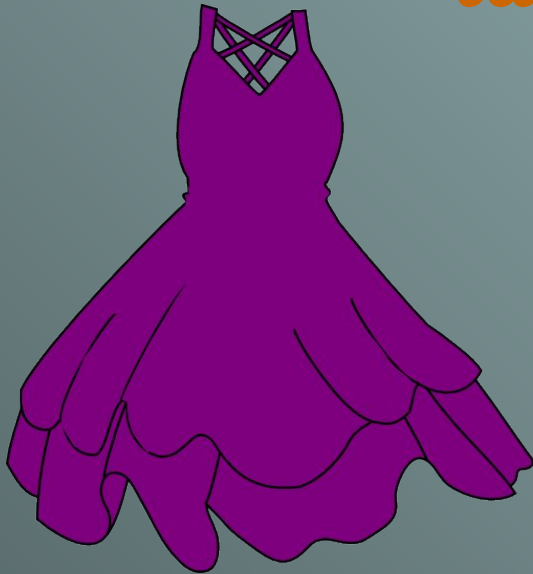

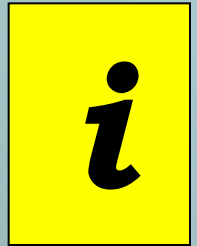

They can leave town and spend a very good time on the bank of the river Don – swimming, lying in the sun, boating and fishing there.

Autumn

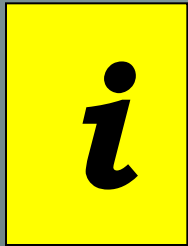

Early autumn in our region is very warm and beautiful. Leaves on the trees are red and yellow. Late autumn is always cool and wet. The weather is cloudy, foggy and windy. It often drizzles. It also freezes at night. It is not pleasant.

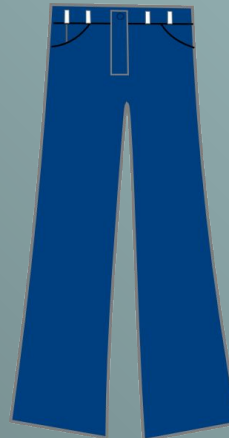

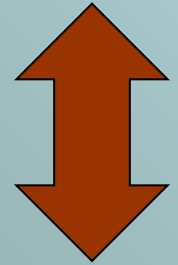

Autumn is the hardest time for country people. They should work hard in the fields and orchards. They gather fruits and vegetables. In the towns there is also much work. The people sweep paths and rake fallen leaves into heaps.
