Elizabeth II (Elizabeth Alexandra Mary) is the Queen of the United Kingdom. She is also the monarch of 15 other countries: Canada, Australia, New Zealand, Jamaica, Barbados, the Bahamas, Grenada, Papua New Guinea, the Solomon Islands, Tuvalu, Saint Lucia, Saint Vincent and the Grenadines, Antigua and Barbuda, Belize, and Saint Kitts and Nevis.

**Princess

London,
England**

**Young Lilibet (as she was called)
grew up in the Royal Lodge with
her sister Margaret.**

**She was a

throne.**

**The siblings

When World War II broke out in 1939, the royal family was relocated to the Windsor Castle.

She began to address the children of London through radio broadcasts assuring them that everything will end well.

Elizabeth was conscientious, dutiful and orderly – she couldn't go to sleep without unsaddling and feeding all her nursery horses and lining them up neatly.

Many adults who came into contact with her commented on how mature and grounded she was even at a young age.

She began riding horses at the age of six and became an accomplished rider by her teens. She took a strong interest in breeding horses and owning racing thoroughbred horses.

**Her love for
corgis
started when
she was a
young girl
and
continues to
this day.**

Queen Elizabeth II is the only female member of the royal family to ever serve in the armed forces, according to the BBC.

The years between becoming the heir apparent to the throne and becoming Queen were marked by three major events: World War II, her marriage, and the birth of her first two children.

Elizabeth was eight years old when she first met her future husband Prince Phillip of Greece and Denmark. She was only thirteen when she proclaimed she had fallen in love with him. The two began to exchange letters and later began to court in secret...

They were married in Westminster Abbey on November 20, 1947. Their wedding was an international event with millions of people listening to the BBC broadcast around the world. The young married couple had their first child, Prince Charles, around a year later. They would go on to have a total of four children: Charles, Anne, Andrew, and Edward.

On February 6, 1952 Elizabeth acceded to the throne as Queen of the United Kingdom and all the Commonwealth's realms.
