LET US READ

- 6 Read the text and find in it how we choose the right dress.
Read these sentences aloud.

EVERYTHING IS GOOD IN ITS SEASON

There are four seasons in the year. Each of them brings different weather and different clothes. When it is hot people wear T-shirts and shorts, sports shoes, socks and sandals. Women wear light blouses and skirts. In summer people dress like this in Africa, Russia, Canada, Ireland, Great Britain and America.

In cold weather people usually put on warm clothes: jeans and trousers, sweaters and jackets, overcoats and caps. In winter they wear fur¹ coats and fur caps, high boots and mittens or gloves. The proverb says: "There is no bad weather, there are bad clothes."

Another proverb says: "Everything is good in its season." Do you understand it? When you think what to wear, choose the right dress. Think what is good on the sports ground and what is good at the party and why a long dress looks beautiful on a woman but is funny on a little girl.

When you buy clothes, try them on. Make sure that they are your size, that they suit you and that you like their colour.
