

**Autumn comes .
It brings different colours:
yellow, red, orange, brown.**

Why do you like autumn?

What are the reasons?

A close-up photograph of a large number of autumn leaves. The leaves are in various stages of color change, showing a mix of vibrant reds, oranges, yellows, and some remaining greens. The leaves are scattered and overlapping, creating a rich, textured background. The lighting is bright, highlighting the individual veins and colors of the foliage.

**This is the season when fruit is sweet,
This is the season when friends meet,
This is the season when leaves come down
Red and orange, yellow and brown.**

Yellow, red and green and brown,

See, the little leaves come down.

Dancing, dancing in the breeze,

Falling, falling from the trees.

First they dance upon the trees,

Then they float on the breeze.

Then they gaily blow around,

Now they are sleeping on the ground

Learn, learn, learn the words,

Every word I say!

Practice reading, writing, speaking

English every day.

Write, write, write the words

Try to spell them right!

Practice reading, writing, speaking

English every night.

Read, read, read the words,

Study what I say!

Practice reading, writing, speaking

English every day.

**Under the sky and under the trees,
My friend and I often play in breeze.
Rain on the grass,
Rain on the tree,
Rain on the house top,
Rain on the ground,
But not on me.**

September,

October,

November

**When I see the yellow, red leaves,
I know: it is September!**

**When I see the flying away birds,
I know: it is September!**

**When I go to school again:
I know: it is September.**

When I see the falling leaves,

I know: it is October!

When there are no vegetables on the fields,

I know: it is October!

And when they say – the bear fell asleep,

I know: it is October!

**It becomes colder,
It often rains
Everything is dull,
I know: it is November!**
