

SEASONS

KURILENKO DASHA

**The year begins from
WINTER**

A microscopic view of ice crystals, showing a dense field of intricate, six-pointed snowflake-like structures. The crystals are highly detailed, with many smaller branches extending from the main points. The overall appearance is a complex, crystalline pattern.

The WINTER is:

Frost

Snow

Snowman

Ice

New

**The next season
is spring**

**The SPRING is:
Icicles**

Brooks

snowdrops

**And this is
the SUMMER:**

Flowers

Sea

Holidays

At last - AUTUMN

**The AUTUMN is:
fall of the leaves**

Beautiful forest

Rain

Mist

The end.
