

Project «Christmas in Australia»

**Christmas in Australia is not like anywhere else!
Australians have a great time ! Those who live near
the coast go to the beach on Christmas!**

Santa Claus comes to Australian beaches on a surfboard! And if the weather is hot he often wears a swimsuit or funny baggy shorts.

As well as everywhere, families have their own traditions. In spite of the heat many Australians

- have a traditional hot Christmas meal. This is usually roast turkey and flaming Christmas pudding with tasty brandy sauce. Australia is also the home of Carols by Candlelight, a tradition started by Norman Banks, a radio announcer, in 1937.

Today, Carols by Candlelight is held each Christmas Eve. It involves tens of thousands of people.

- They spread blankets on the ground, light their candles and sing Christmas songs together. The view is amazing with thousands of candles waving in the dark!

Merry Christmas!!!

The End
