

Saint Valentine's Day

This presentation is made by a pupil of the 7th form
Simatchkova Vika

I LOVE YOU

**Saint Valentine's Day is on the 14th of February.
It is the traditional day of lovers.**

In early times people believed that on this day birds choose their mates.

More than two centuries ago people began to send pretty Valentine cards.

The most popular Valentine's cards are humorous.

A red rose is a sign of romantic love.

*Be my Valentine
just one more time!*

On Valentine's Day people give each other red roses or chocolates in red boxes that look like hearts.

I wish you happy Valentine's Day!
