WINTER

Winter is the coldest season, with short days and long nights, with frosts and snow. But it is also a beautiful season when nature is sleeping under a clean soft blanket of white snow. In winter there are no birds in the trees and there are no flowers in the parks. Lovers of winter sports go skiing and skating and hockey playing. Winter is a wonderful season for children, too, who enjoy tobogganing, playing snowballs and making snowmen.

Spring comes and nature awakens from its winter sleep. The days become longer and the nights become shorter. The ground is covered with fresh green grass and the first spring flowers. Summer poem!

Summer brings us nice warm sun,
For swimming, fishing, and lots of fun,
For finding seashells in the sand,
For sunbathing to get a tan,
To do all these things and more
At the beach and seashore!

Autumn

Descending leaves fall to the ground,

Twirling, twisting, round and round,

Autumn season is almost here,

The smell of freshness is oh so near.

The crisp, cool breeze,

Shakes the leaves from the trees,

Autumn takes away the green,

Golden-bronze and brown is all that can be seen.
