St. Daniel's bells.

St. Daniel's Monastery ensemble of bells consists of 18 bells. It took its present shape over a long period of over 200 years. St. Daniel's ringing was lead by three major bells.

Returning

On August, 9th 2008 from port of Boston in a direction of Russia the ship on board which are 17 historical danilov bells has gone. The bell ensemble in gross weight more than 24 tons has been shipped on the ship in two stages. The greatest anxiety of experts was caused with procedure of rise aboard the largest bell, «Big», weight about 12 tons. This complex technical operation has been successfully realized under the careful control of representatives of «The Link of Times» foundation and the invited experts.
