

*The Problem
of Height*

The aim of my work is to
answer the following
questions:

- *Why do people become very tall or very short?*
- *Who were the tallest and the shortest people in the world?*
- *Are there giants and dwarfs in our town and school?*

'GULLIVER'S TRAVELS'

***Jonathan
Swift***

Gulliver's

The shortest people

**Tatyana
Plokhikh**

**Miron
Pavlic**

American presidents

While studying the problem of height I have come to the following conclusion

- Studies show that people are very conscious of height.
- A child who is growing slowly may have some medical problems.
- If someone has the problem with height it is good to do physical exercises.

Short and tall people are described by the writers of different countries

Personalities in the history of mankind

*It is more
important to be
kind, honest and
well-mannered
and these
qualities don't
depend on
one's height*
