The hypothesis

**The wonder has
no demerits,
the reality is full
of demerits.**

- 1. What is the mobile phone ?**
- 2. When was the mobile phone created?**
- 3. How did the mobile phone develop?**
- 4. What illnesses are caused by the mobile phone?**
- 5. What is the mobile etiquette?**

**is a short-range,
electronic device
used for mobile voice
or data communication over
a network of specialised
base stations known as cell sites.**
