

**THE CONSTITUTION OF THE  
UNITED STATES**

- *The Constitution was adopted on September 17, 1787, by the Constitutional Convention in Philadelphia, Pennsylvania, and ratified by conventions in eleven states. It went into effect on March 4, 1789.*

- The Constitution of the United States is the supreme law of the United States of America. The first three Articles of the Constitution establish the rules and separate powers of the three branches of the federal government: a legislature, the bicameral Congress; an executive branch led by the President; and a federal judiciary headed by the Supreme Court. The last four Articles frame the principle of federalism. The Tenth Amendment confirms its federal characteristics.

Article 1.  
Section 1. All legislative Powers herein granted shall be vested in a Congress of the United States, which shall consist of a Senate and House of Representatives.  
Section 2. The House of Representatives shall be composed of Members chosen every second Year by the People of the several States, who shall have the Qualifications requisite for Senators of the most numerous Branch of the State Legislature.  
Section 3. The Senate shall be composed of two Senators from each State, chosen by the Legislature of the State in which they shall sit, who shall have the Qualifications requisite for Representatives.  
Section 4. The Electors in each State shall have the Qualifications requisite for Electors in that State.

*The United States Constitution can be changed through the amendment process. Constitutional amendments are added to it, altering its effect. The first ten amendments, ratified by three-fourths of the states in 1791, are known as the Bill of Rights.*

*The Constitution has been amended seventeen additional times (for a total of twenty-seven amendments). Principles of the Constitution, as amended, are applied in courts of law by judicial review.*

The image features a black silhouette of the Statue of Liberty against a bright, hazy sky. The statue is shown from the waist up, holding a tablet in its left arm and a torch in its right. The sun is positioned behind the statue's head, creating a strong backlighting effect. Overlaid on the image is a single bullet point in red text.

- **The Constitution guides American law and political culture. Its writers composed the first constitution of its kind incorporating recent developments in constitutional theory with multiple traditions, and their work influenced later writers of national constitutions. It is supplemented and interpreted by a large body of United States constitutional law. Recent impulses for reform center on concerns for extending democracy and balancing the federal budget.**
