It was once a sport only reserved for Hawaiian royalty, which is why surfing is often called the “sport of kings”. Hawaii is considered as the birthplace of modern surfing and big wave surfing and continues to be a surfing mecca for the world.

You might have denounced extravagance, the craving for vivid colors and unusual prints. But within two centuries a modest workman's shirt grew into the trademark wear of Hawaii.

In the late 1920's and early 1930's tourists, always looking for exotic souvenirs, fell for a fad (прихоть) of the young islander. Artists and tailors spotted a serious business. The name "aloha shirt", registered ['redʒɪstəd] in 1936, soon labeled a flourishing ['flʌrɪʃɪŋ] industry.

Hula dancing is the traditional art of movement, smooth bodily gestures and vocals. You may notice that Hula Dancing seems to have an incredibly smooth "flow" and the movements are extremely fluid. These movements are said to actually tell a story or represent movements of nature such as trees blowing in the wind or fish swimming smoothly in the ocean.
