

**MERRY  
MADAGASCAR**

Le-mult.ru

A vibrant 3D rendered scene of a tropical forest. In the center, a zebra is captured mid-jump, its body arched and legs spread wide, as if clearing a hurdle. Below the zebra, the word "MADAGASCAR" is written in large, bold, yellow-to-orange gradient letters with a slight 3D effect. The forest is composed of tall, slender palm trees with lush green fronds, and the ground is covered in a variety of colorful tropical plants, including red and pink flowers. The sky is a soft, hazy blue with light, wispy clouds, suggesting a bright, sunny day. The overall scene is bright and colorful, with a strong sense of depth and perspective.
