School uniform

A lot of people think that school uniforms in England are for the children from rich families at the country's best public schools. But it is not always true. In fact, uniforms first came to schools for the poor because they were cheaper.

Today a lot of British schools have uniforms. One of the most important elements of the uniform is a school tie.

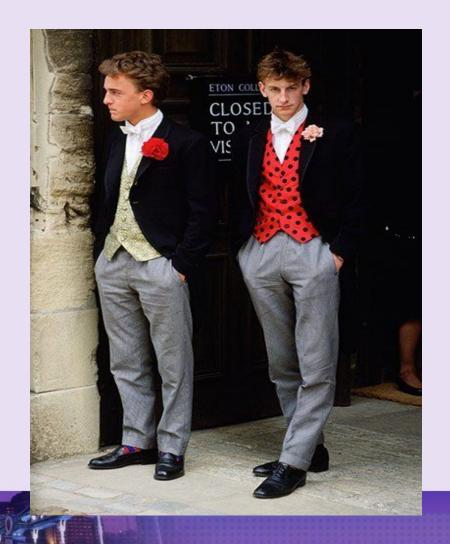

Школьники Англии с большим уважением относятся к форме, и многие даже умудряются искренне гордиться ею. Учитывая британский консерватизм, легко поверить в то, что долгое время классическая форма для школьников здесь включала в себя верхнюю одежду, обувь и даже носки...

Каждая престижная школа имеет свой собственный логотип, воспроизведенный на галстуках учеников. Так что сорочки и галстуки, блейзеры и шляпки — стандартный набор для юных британцев.
