Hello

That's great and cool
We study at school
English, Music, Art,
Russian, Tatar, Maths,
Nature Study and PE,
Handicraft and History.

MY SCHOOL

I would like to tell you some things about my school. My school is number 2, it is big and comfortable. It is 60 years old. There are many trees near the school. You can see a sportsground behind the school. Sometimes we have PE lessons there. Our school has three floors.

There are ten desks in my classroom. The teacher's table is near the window. We have got three windows in the classroom. There are a lot of interesting things on the walls such as an Alphabet, numbers and nice pictures. The blackboard is green and the floor is brown. There are many books in the bookcase.

I like my school. I go there and learn new things.

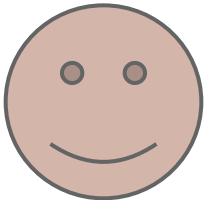

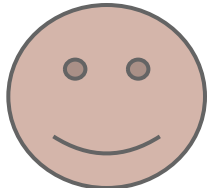

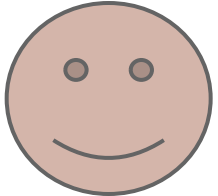

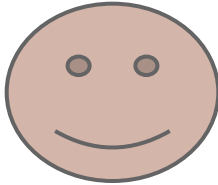

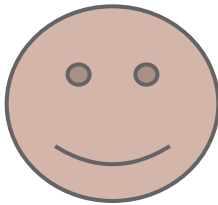

Robert
