# Do you know how long these things last?

- traffic ticket **3 month**
- banana peel **6 month**
- wool sock **1 year**
- wooden stick **4 years**
- painted wooden stake **13 years**
- wax paper cup **5 years**
- tin cans **100 years**
- aluminum cans **never**
- plastic containers **up to 500 years**
- glass bottle **never**

# THE EARTH IS IN DANGER

# Make word combinations

sustain

the ecological system

alter

people and nature

separate

the future

accelerate

human development

shape

the atmosphere

maintain

the rate of progress

# Answer the questions

- **1. What does Vernandsky's theory say about the Earth future?**

**If the science guide the  
society,**

**it would soften the human environmental  
impact.**

- **2. What does the biologist think about human impact on the Earth?**

**People are clever enough to be able to maintain the rates of progress.**

- **3. What are the**
- **examples of human interaction**
- **with nature?**

**Emission of carbon dioxide**

**Global warming**

**Cutting forests**

- **4. What will help people to lessen human impact on the Earth?**

**Experts say that the same inventiveness that accelerates human development can be used to soften human impact.**

Beautiful  
things we  
have

Dangerous  
things we do

Things we can  
do to protect  
nature
