

*We must protect our  
environment.*

*Ronditenov Sergey*

*How do we treat our nature?*

*So?  
Maybe some, but most . . .*

our environment?

- Nothing and again only little groups of people try to improve such situations

*cars in our streets...  
Nobody doesn't want to  
change there way of life  
or lose their money...*

*factories...*  
*Change our transport...*

*Why does our nature  
must suffer?*

...our people?

Уровень загрязнения окружающей среды не позволяет надеяться на то, что уровень чистоты воздуха в вашем доме может быть приемлемым для вас и/o здоровья. Кто следит за тем, чем вы дышите дома?

Я дышу чистым воздухом

В моем городе загрязнений нет

Я совершенно здоров

Здесь легко выжить

У меня нет проблем

A composite image featuring a man in a gas mask on the left and a cartoon robot on the right, set against a background of a polluted city with smoke and a dark sky. The man is wearing a white gas mask with a large lens and a filter. The robot is a small, white, rounded character with a blue stripe and a friendly expression. The background shows a cityscape with smoke rising from buildings and a dark, overcast sky.

... our kids?
