«Welcome to Russia»

**The Russia is considered to be a very attractive country
for foreigners.**

**Here are some tips for foreigners to better understand
our country.**

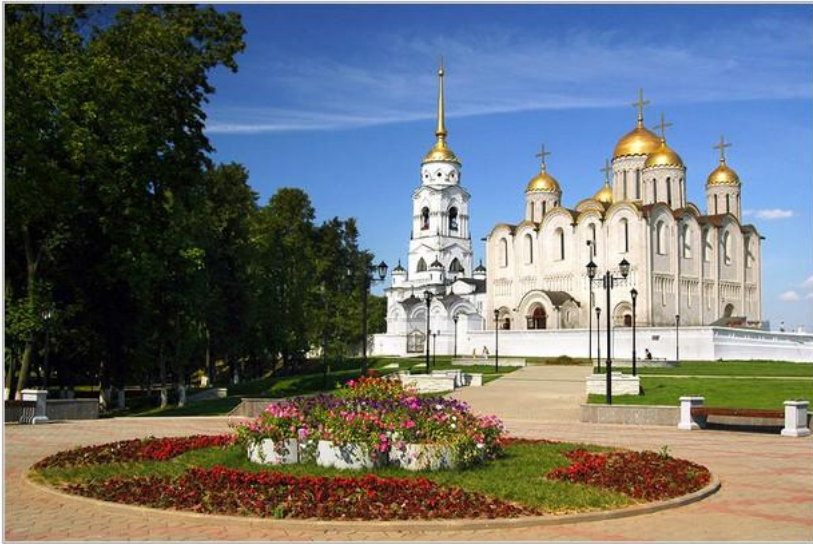

First of all it would be interesting for foreigners to go around the «Golden Ring of Russia» and visit cities such as: St Petersburg,

Vladimir,

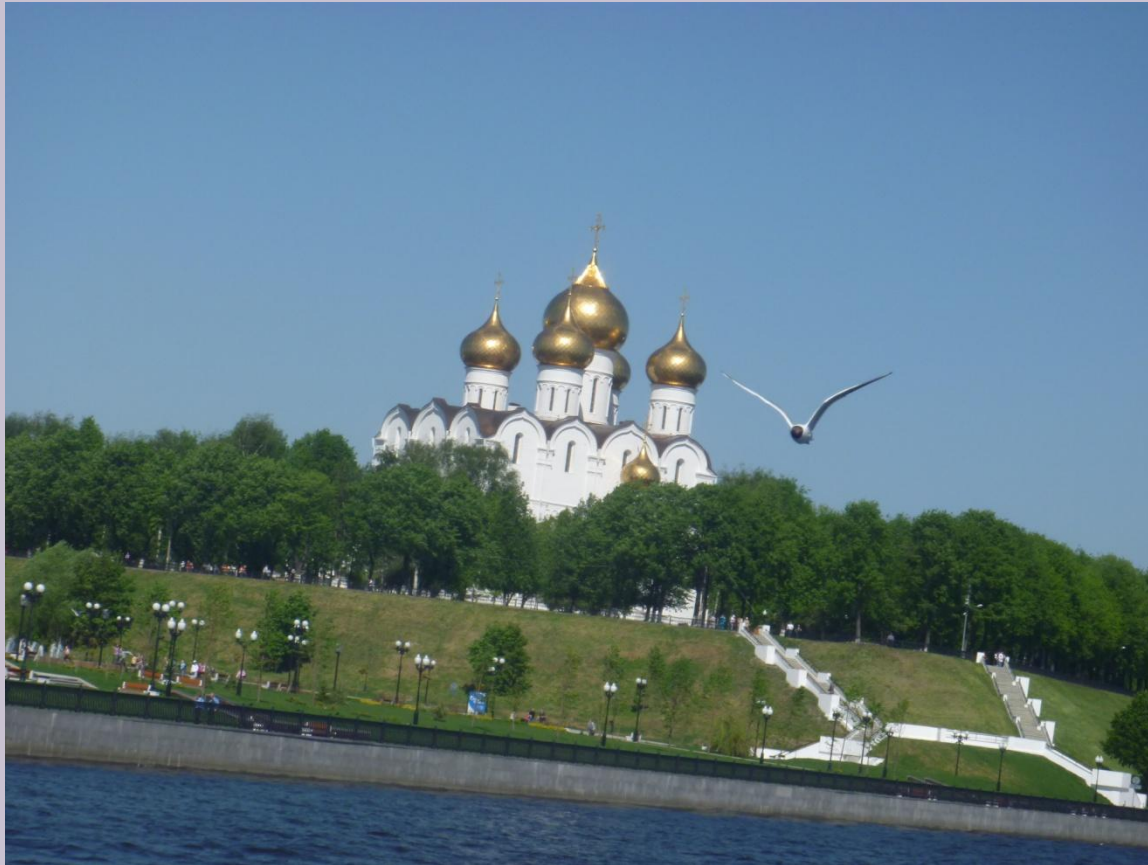

Konstantin V. Udovichenko

Plyos,

**Yaroslavl,
And others.**

Besides, the foreign guests have a possibility to take part in Russian National celebrations: Christmas, Easter, Victory Day, Shrovetide, and others.

The time of holidays is the best time for having Russian meal. The most popular dishes are: Christmas goose, pancakes, caviar,

easter cakes, borsch
and Russian national
drinks.

The most unusual season to come in Russia is winter. It would be very exciting for foreigners to ride snowmobiles along big snow fields, winter diving into ice holes on Epiphany or washing in Russian baths with a bunch of green birch twigs.

One more thing is very important to better understand Russian soul-this is going to church and participate in the service.
