A low-angle photograph of the Statue of Liberty in New York City. The statue's green patina and crown are visible at the top, holding a torch aloft. The background is a clear blue sky with light, wispy clouds. A large American flag is superimposed over the scene, waving from the left side. The flag's stars and stripes are prominent, with the stripes appearing to flow across the frame. A yellow banner with a black border and scroll-like ends is positioned horizontally across the middle of the image.
