A cartoon illustration of a young boy with a runny nose. He has brown hair, is wearing a blue long-sleeved shirt, green pants, and brown shoes. He is holding a white tissue to his nose and has a distressed expression. A large green speech bubble above him contains the text "I have got a runny nose!". To the left of the boy, there are three balloons: a green one at the top, a light blue one in the middle, and a purple one at the bottom. Each balloon has a yellow starburst effect next to it. The background is plain white.

I have got a
runny nose!

I have got a
fever!

I have got a
cough!
