

WHEN I WAS YOUNG ...

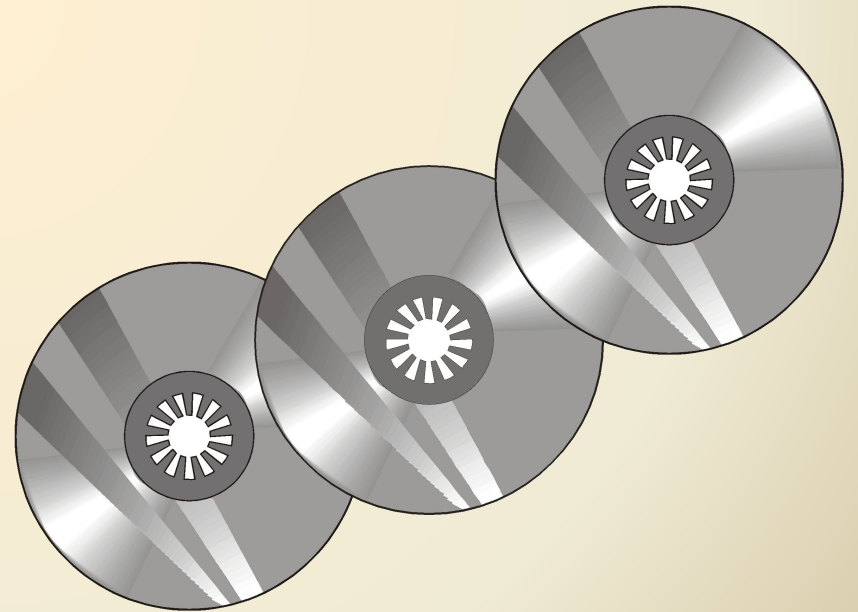

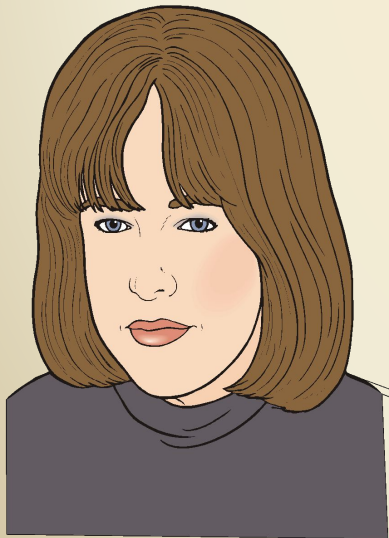

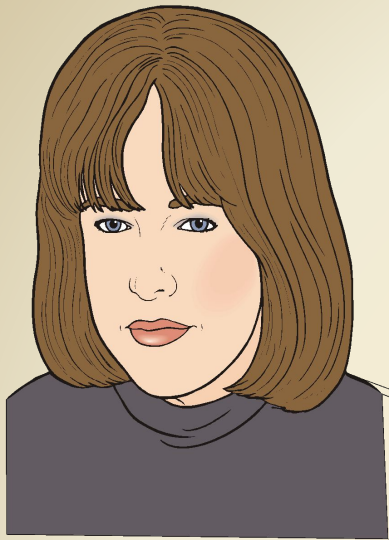

«When I was young  
there was  
a grammophone  
at home.»

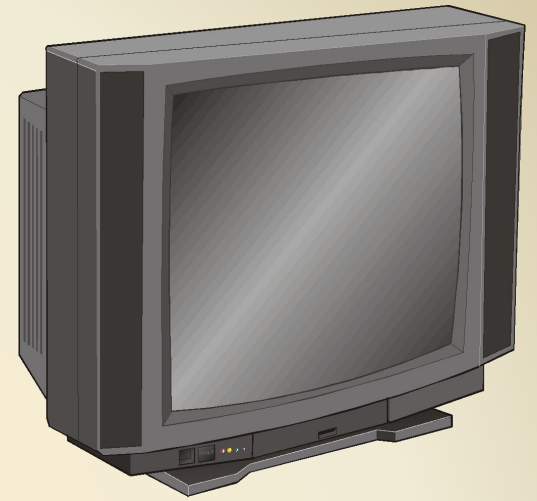

«There were records.»

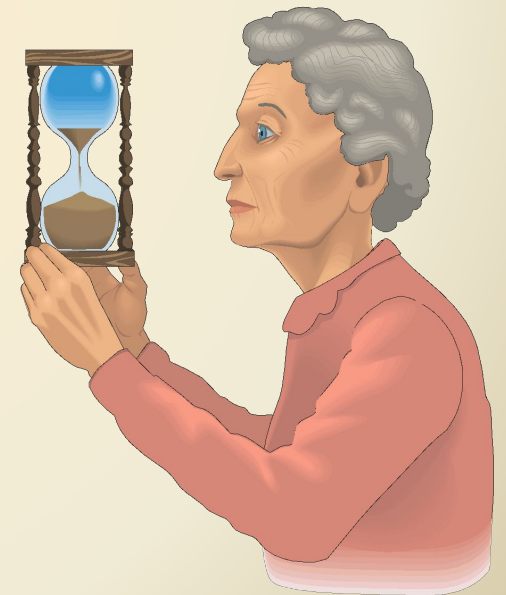

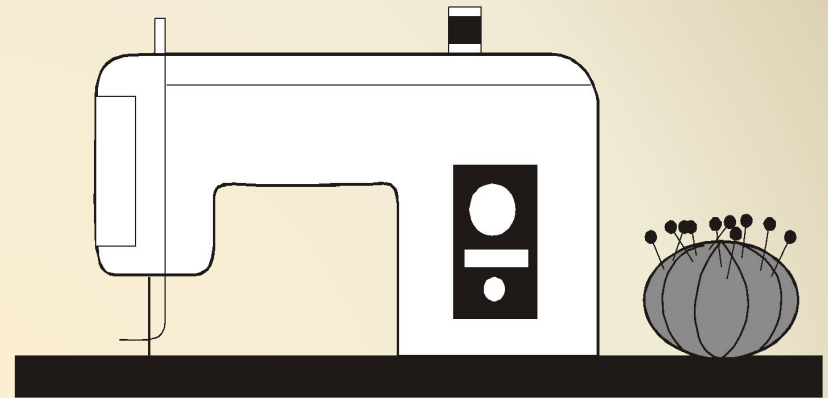

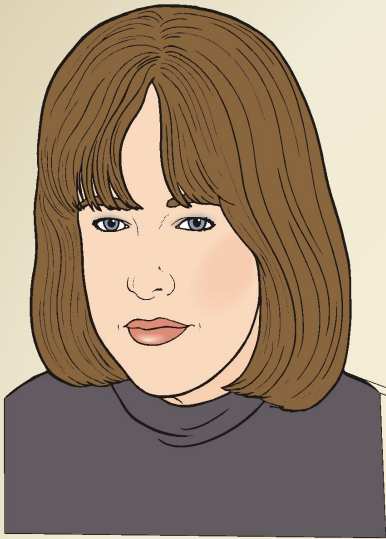

«Was there a TV set  
at home?»

«No, there wasn't.  
There wasn't  
television at all.»

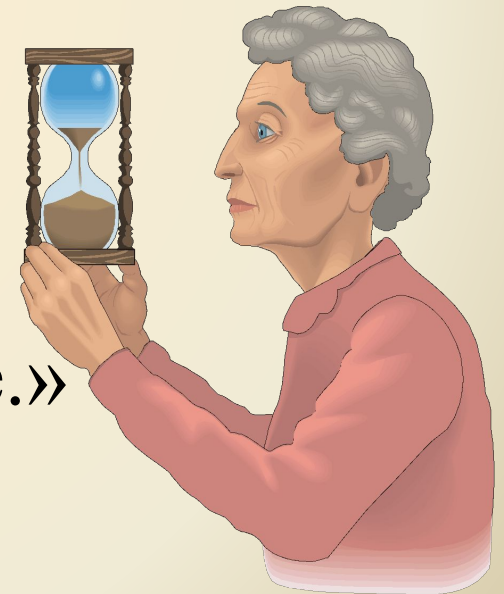

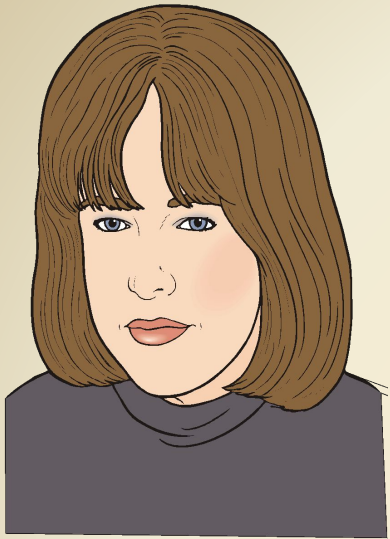

«Was there a  
sewing machine at  
home?»

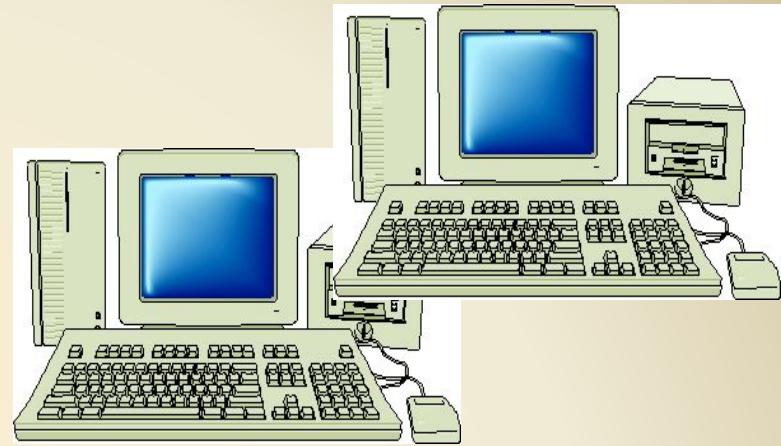

«Yes, there was.

There was a sewing machine at home.»

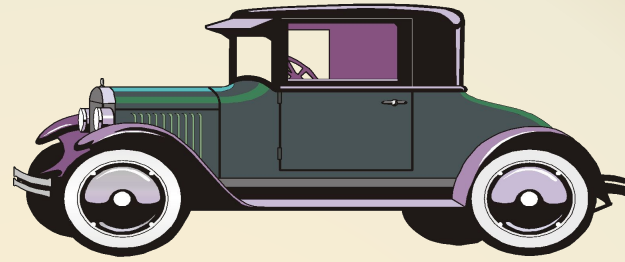

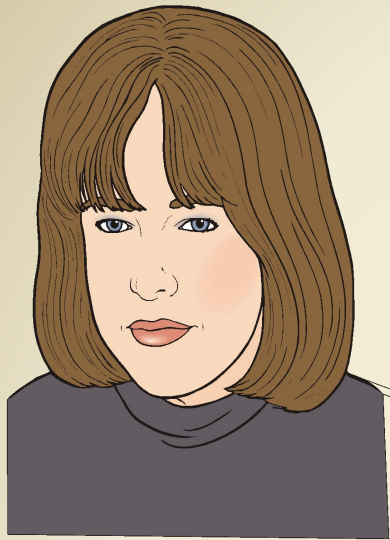

«Were there any computers when you were young?»

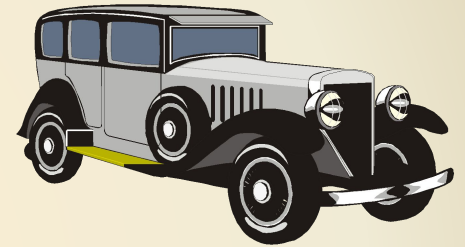

«There weren't.

There weren't any computers at all.»

«Were there any cars  
when you were young ?»

«Yes, there were.

There were cars when I was young.»
