

WHEN I WAS YOUNG ...

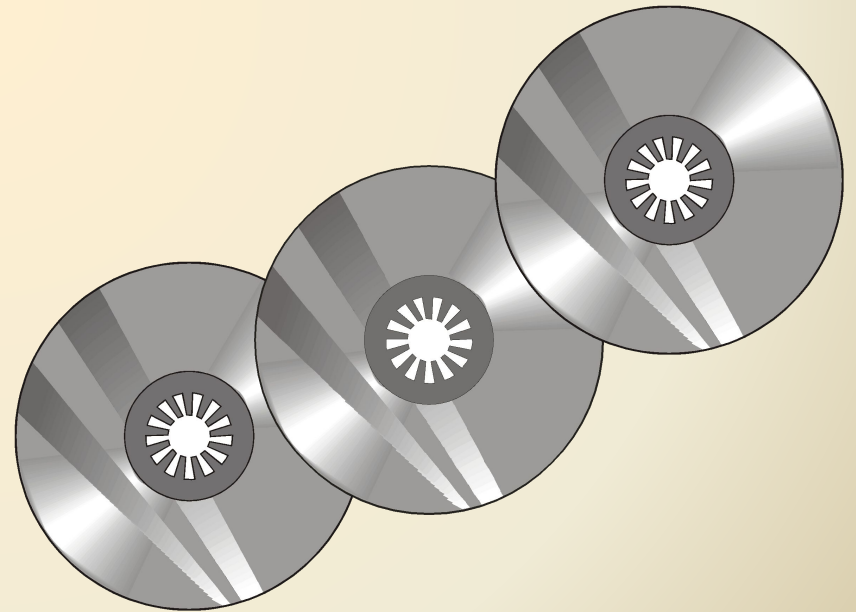

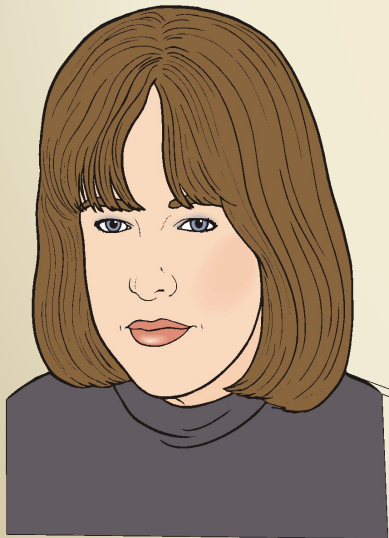

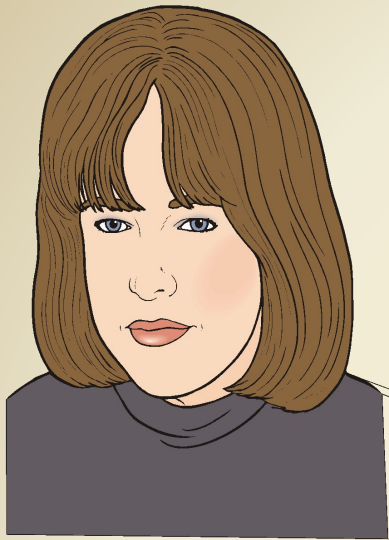

«When I was young
there was
a grammophone
at home.»

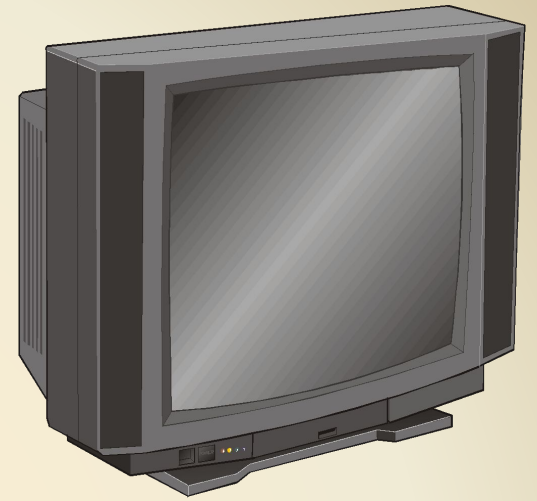

«There were records.»

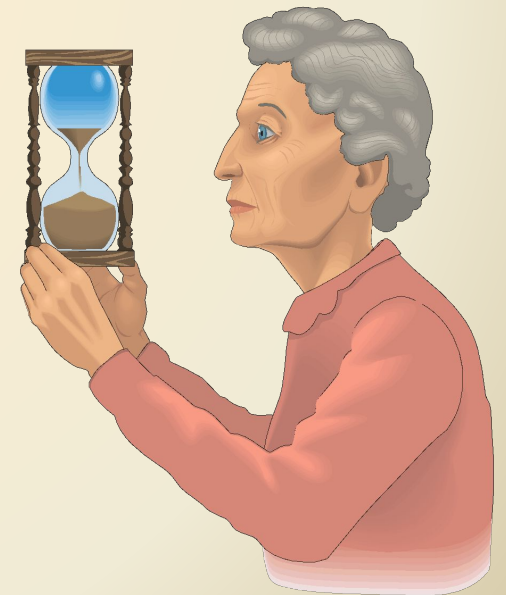

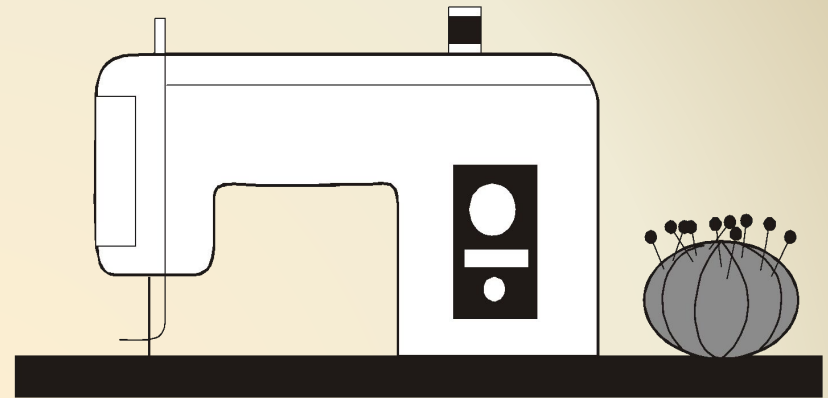

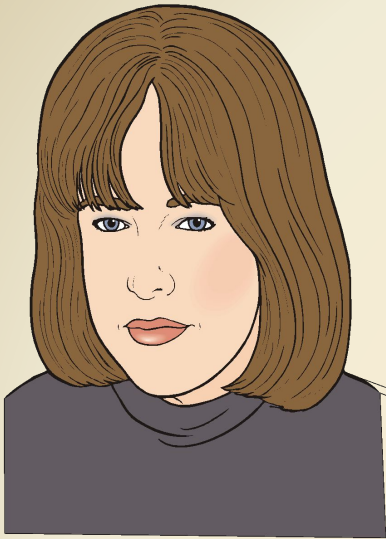

«Was there a TV set
at home?»

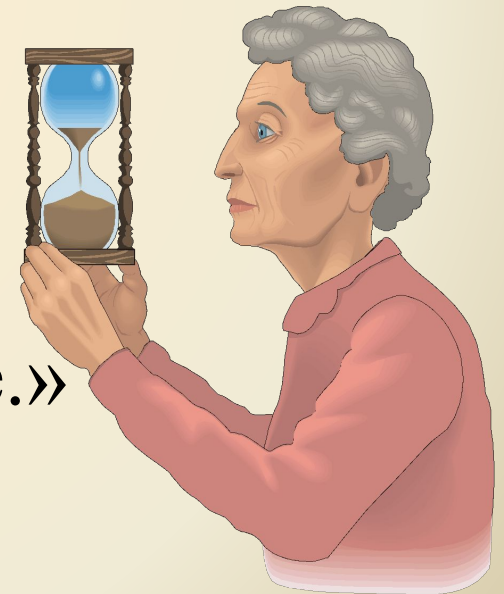

«No, there wasn't.
There wasn't
television at all.»

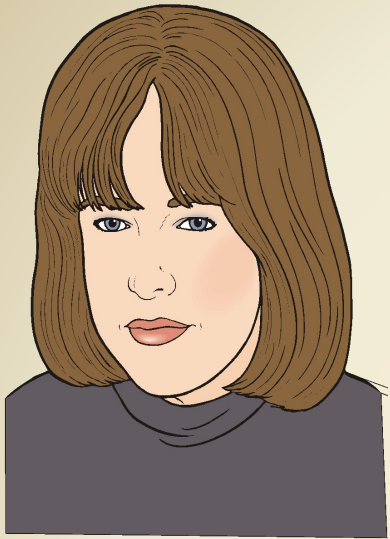

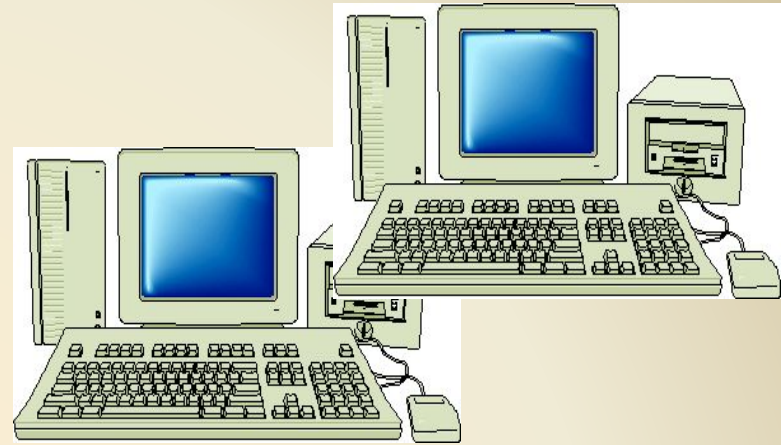

«Was there a
sewing machine at
home?»

«Yes, there was.
There was a sewing machine at home.»

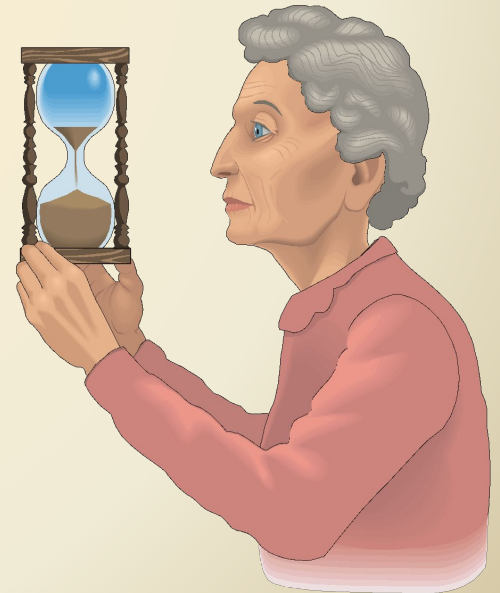

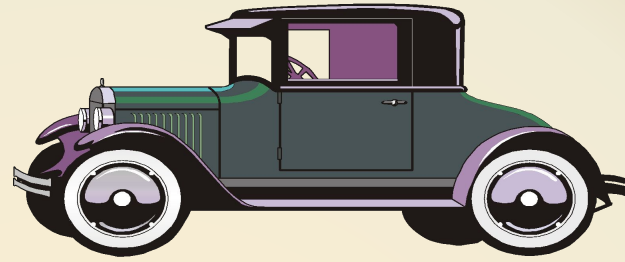

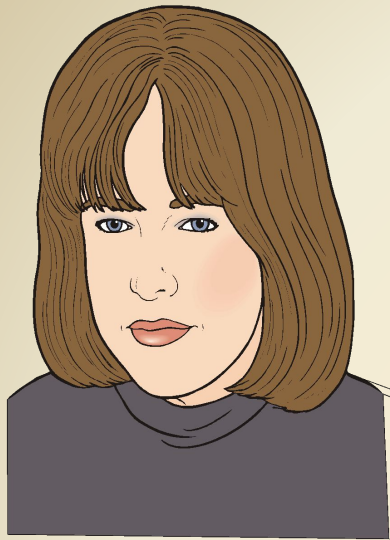

«Were there any computers when you were young?»

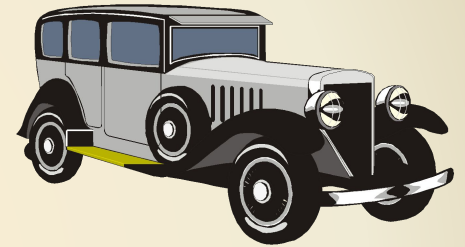

«There weren't.

There weren't any computers at all.»

«Were there any cars
when you were young ?»

«Yes, there were.

There were cars when I was young.»
