ЗНАНИЙ!

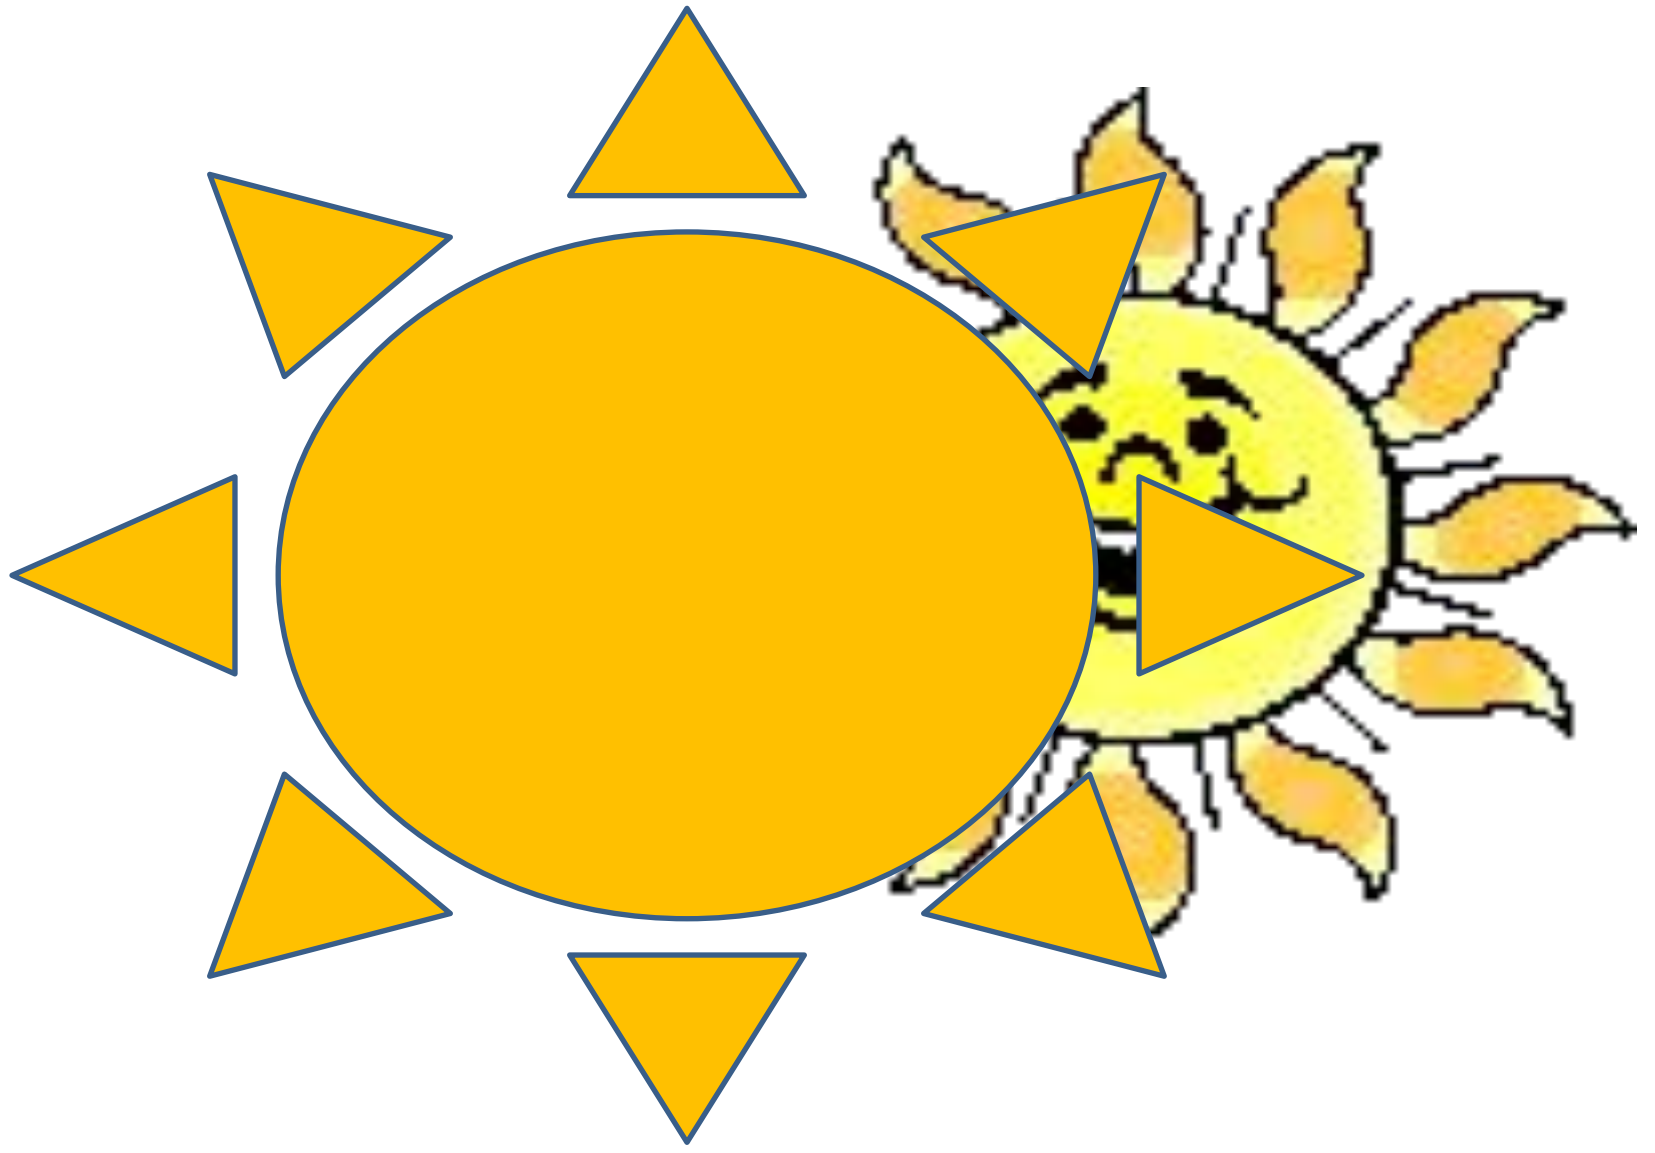

A photograph of a highly decorative wooden door set within an ornate stone frame. The door features intricate carvings and a central panel with a dark, possibly wrought-iron, design. The stone frame is adorned with various figures and floral motifs, including a central female figure above the door and two winged figures on either side. The background is a light-colored wall with a window above the door. The entire image is framed by a yellow and green gradient with large, overlapping, glowing oval shapes.
