Урок-подорож до Лісової школи

A vibrant, cartoon-style illustration of a forest classroom. In the center, a large green chalkboard with a wooden frame displays the equation $2+2=4$ in white. To the right, a red owl wearing a black graduation cap and glasses stands on a tree stump, holding a blue pointer. In the foreground, three animals are gathered: a grey and white kitten on the left, a grey rabbit in the middle, and a brown fox on the right. The forest is lush with green trees, some with yellowing leaves, and a grassy ground with small blue flowers, red mushrooms, and a tree stump. The scene is bright and cheerful, with a blue sky and sparkling light effects.
