

**Пусть суровые ветры
нам дуют в лицо
Все пути нам, ребята,
открыты,
Мы поднимемся к
звездам,
Мы искатели, мы-
следопыты..**

Путешествие в КОСМОС

$$30+7=37$$

$$47-5=42$$

15 декабря.

Алгоритм решения.

1. Прочитай уравнение.
2. Назови действия и компоненты.
3. Вспомни, как найти неизвестный компонент.
4. Запиши и вычисли.
5. Проверь.

The background is a vibrant blue gradient with various abstract geometric and scientific motifs. On the left, there is a large, semi-transparent sphere with a grid of lines. In the center, two bright starburst patterns are connected by a horizontal line. Below the central box, there are wavy, grid-like structures that resemble a mesh or a field of lines. The overall aesthetic is futuristic and technical.

Физминутка

Физминутка

The background is a complex, abstract composition. On the left, a large, semi-transparent sphere is rendered with white and light blue lines, suggesting a globe or a celestial body. The rest of the image is filled with intricate white and light blue patterns, including a grid that curves and warps, resembling a spacetime metric or a complex data visualization. There are several bright, multi-pointed starburst or lens flare effects scattered across the scene. The overall color palette is dominated by various shades of blue, from deep navy to bright cyan, with white and light blue highlights.

Молодцы!
