

# Урок по математике 1 класс

**Задача  
на увеличение числа**

$$6 + 2 = 8$$

 больше на 2 , чем 

 меньше на 2 , чем 

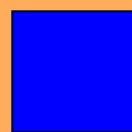

*На* **СКОЛЬКО** *больше*

 , **чем**  ?

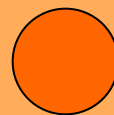

$$8 - 6 = 2$$

*На* **СКОЛЬКО** *меньше* ,

, **ЧЕМ**

**?**

$$8 - 6 = 2$$

# Кто прав?

$$8 - 6 = 2$$

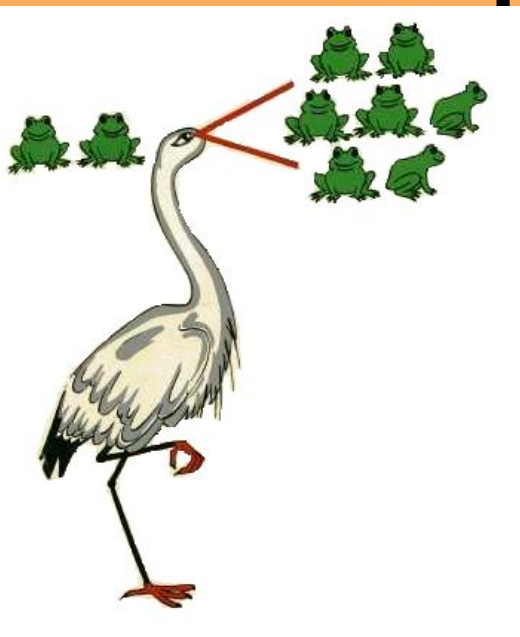

$$6 - 8 = 2$$

**Вывод:**

Чтобы узнать,  
*на сколько* одно чи  
> или < другое  
надо из большего чи

*вычесть* меньшее.

$$8 - 6 = 2$$

# ***МОЛОДЦЫ!***

*Спасибо  
за урок!*
