

A vibrant, colorful illustration of a sunny day. A large, bright yellow sun is in the top left corner, with rays of light spreading across the sky. A large, multi-colored rainbow arches across the sky from the bottom left towards the top right. The sky is light blue with several fluffy white clouds. Two butterflies are flying: one orange and black butterfly on the left, and one yellow and black butterfly in the center. In the foreground, there is a green field with a dirt path. The field is filled with various flowers, including white daisies, red flowers, and blue flowers. Several ladybugs are visible on the green leaves and flowers. The overall scene is bright and cheerful.

Вывод:

**Давайте будем
Дружить друг с другом,
Как птица с небом,
Как ветер с лугом,
Как парус с морем,
Трава с дождями,
Как дружит солнце
Со всеми нами!**
