

Интерактивный тренажёр по ФЭМП для детей средней группы

Подготовила воспитатель ГБОУ Школы г. Москвы №2107 Здание «На
Васнецова»

Лашкеевич Елена Николаевна

Цель: Формирование элементарных математических представлений у дошкольников среднего возраста.

Задачи: Развивать внимание, память, мелкую моторику; активизировать мыслительные процессы; способствовать развитию коммуникативных способностей и потребность в использовании и применении компьютерных программ в обучении.
