$$7 + 4$$

A central orange rectangular board with a green border contains the equation  $9 + 4$  in large red numbers. Surrounding the board is a circular arrangement of 12 blue flags, each with a white number. The numbers are arranged in a clockwise sequence starting from the top: 18, 19, 20, 17, 16, 15, 14, 13, 12, 11, 10, and 9. The flag with the number 9 is positioned at the top-left corner of the board.

A circular arrangement of 12 numbered flags (10-20) surrounding a central orange board with the equation  $7 + 5$ . The flags are arranged in a circle around the board, with numbers 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, and 20. The central board is orange with a green border and contains the equation  $7 + 5$  in large red numbers with a white drop shadow.

A central orange rectangular box with a green border contains the mathematical equation  $9 + 5$  in large, bold, red numbers. Surrounding this box are ten blue flags, each with a white number inside. The flags are arranged in a circle around the box, with numbers 10 through 20. The background is a vibrant illustration of a green field with colorful flowers, rolling hills, and a blue sky with white clouds. In the top right corner, there is a yellow square button with a right-pointing triangle.
