Цветёт он майскою порой,  
Его найдёшь в тени лесной:  
На стебельке, как бусы в ряд,  
Цветы душистые висят.

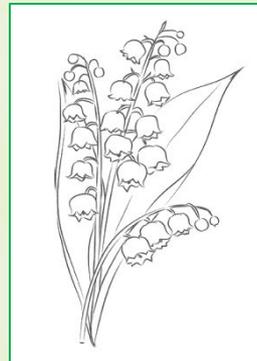

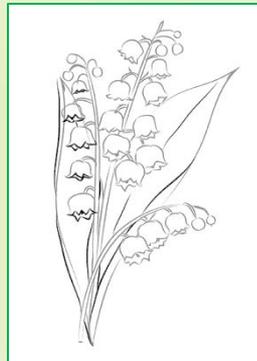

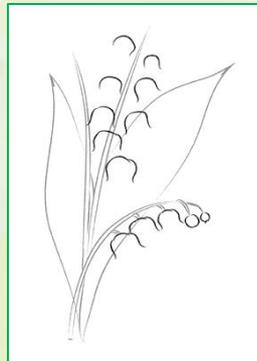

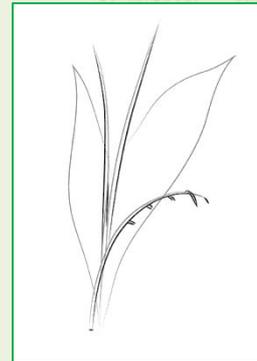

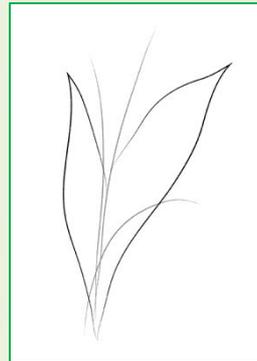

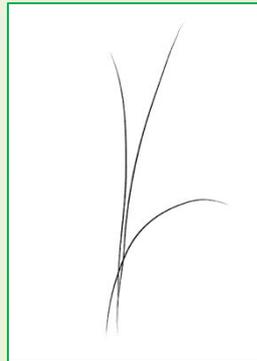

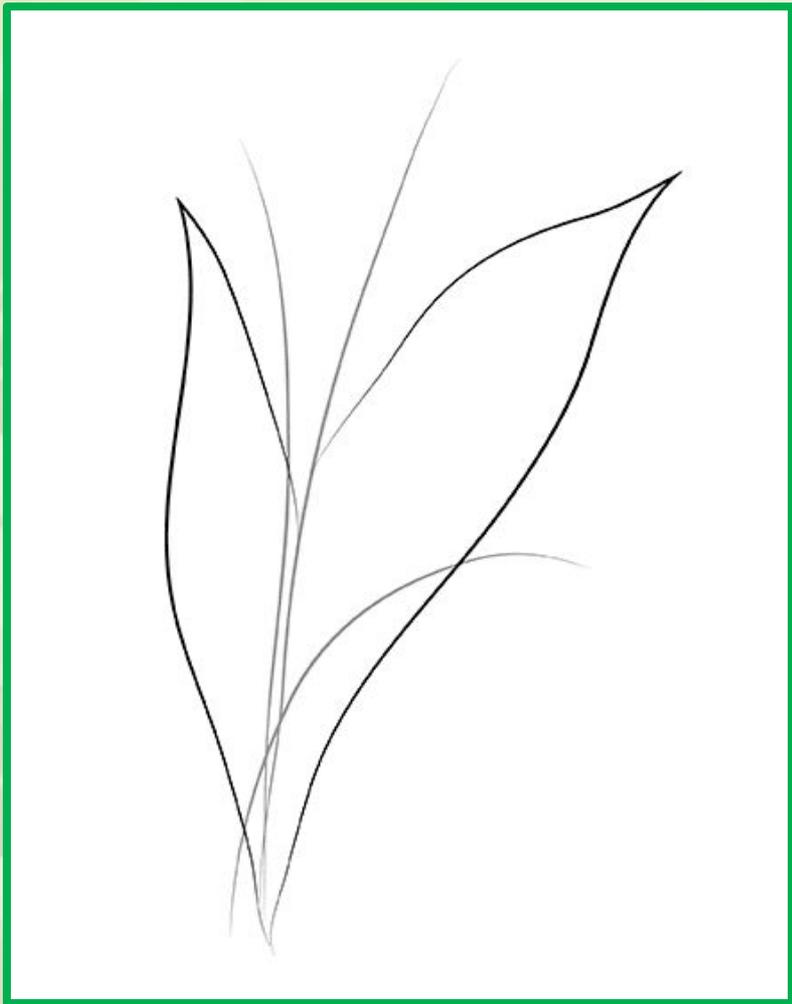

Конечно, это – ландыш. Давайте  
попробуем нарисовать ландыш, один из  
первых весенних цветов.

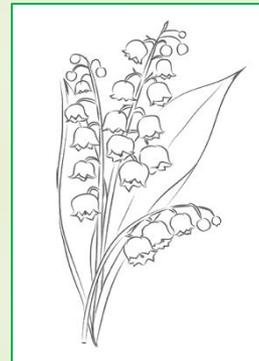

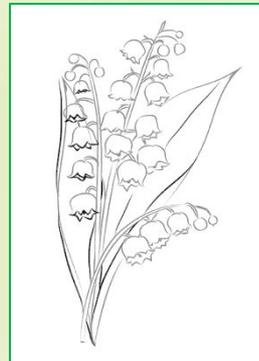

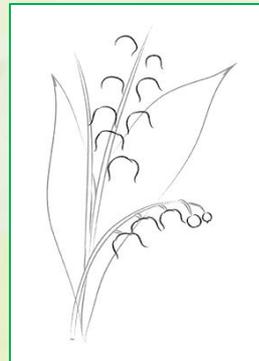

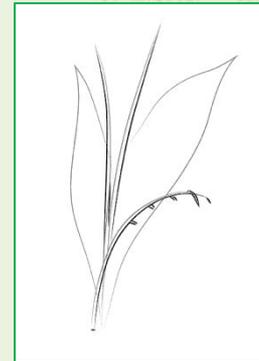

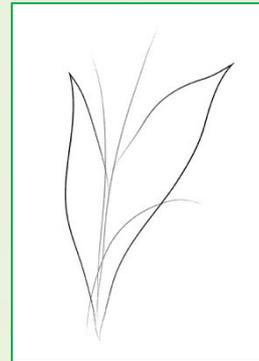

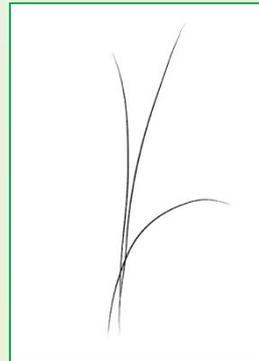

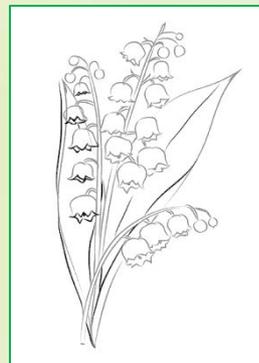

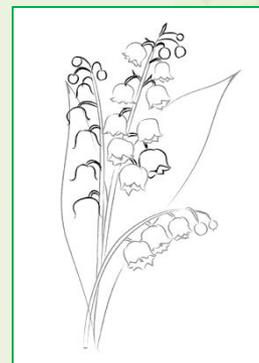

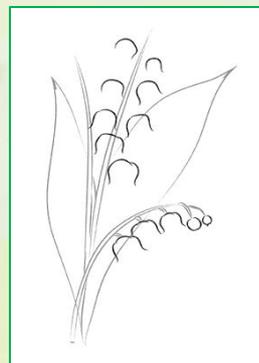

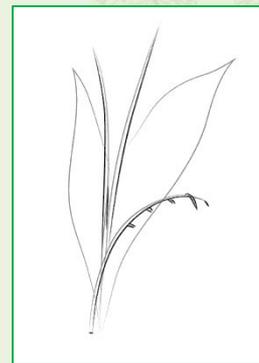

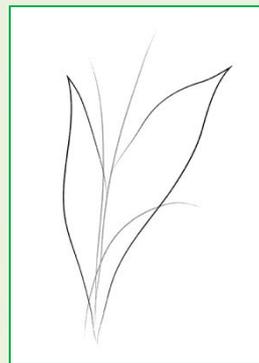

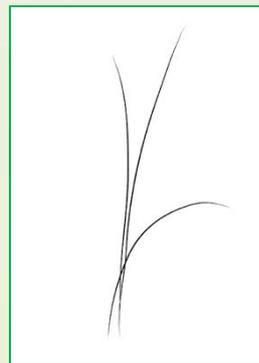

Нарисуйте три основы стебелька.

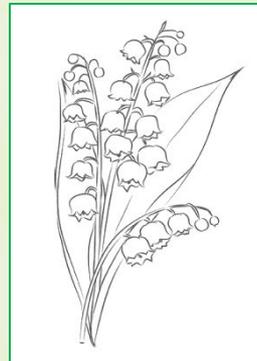

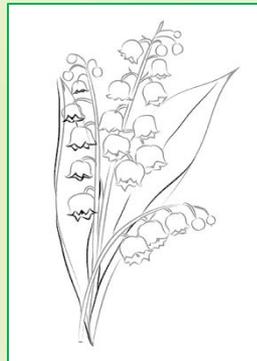

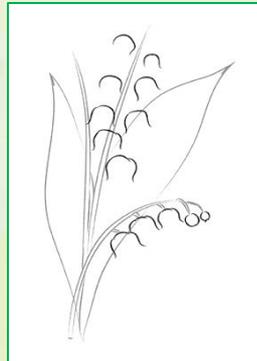

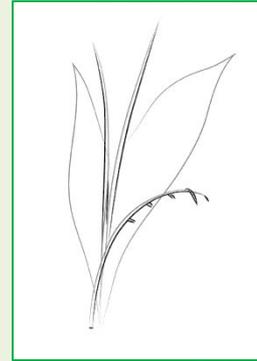

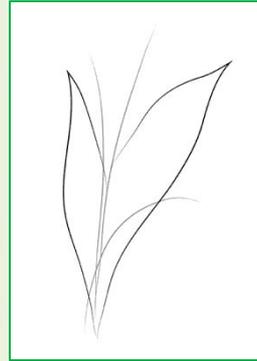

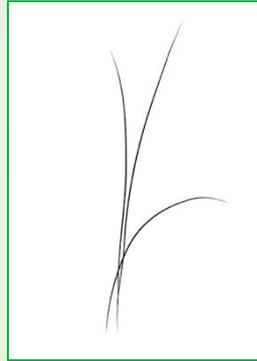

Затем два листика.

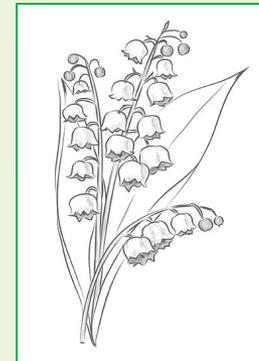

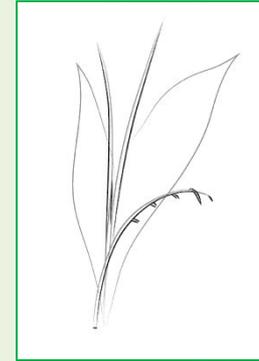

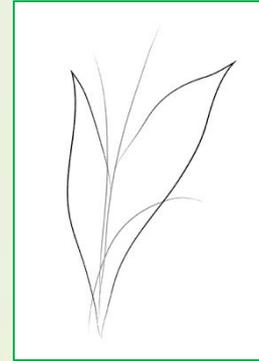

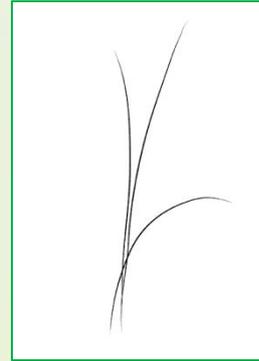

Делаем стебли объемными и на нижнем рисуем веточки, которые держат цветы ландыша.

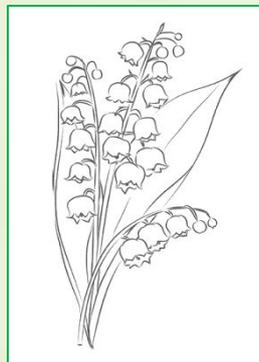

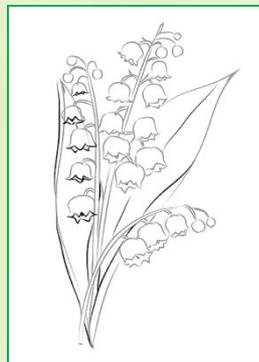

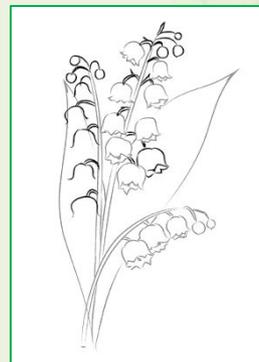

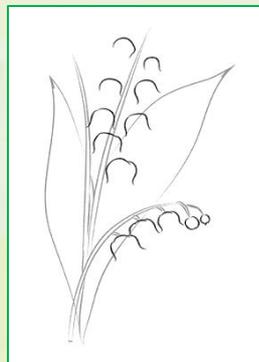

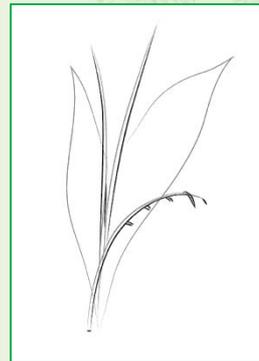

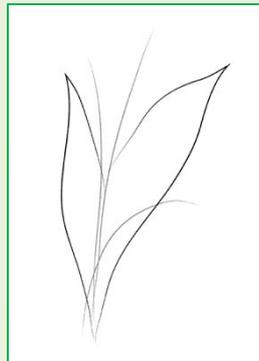

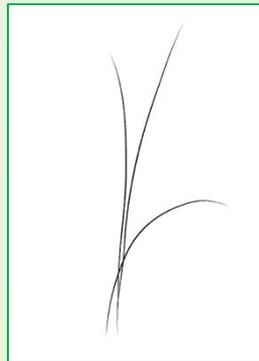

Рисуем шапочки цветков, а на конце нижней ветки — бутоны.

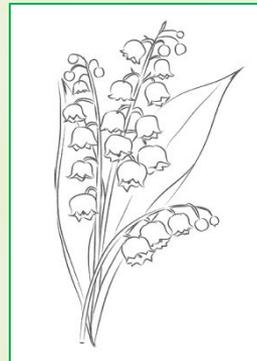

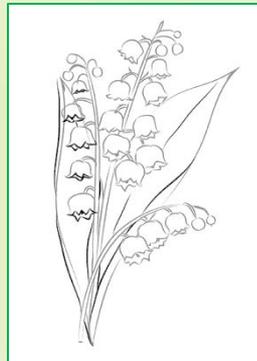

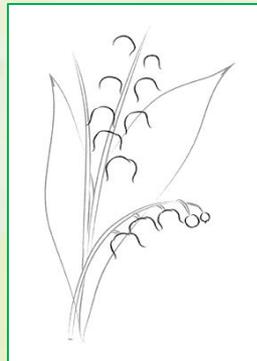

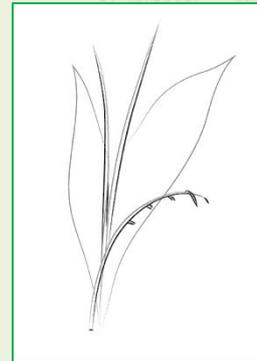

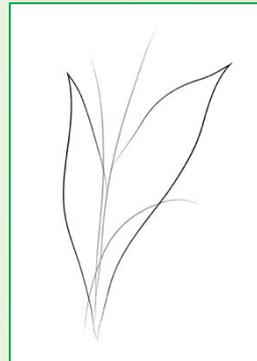

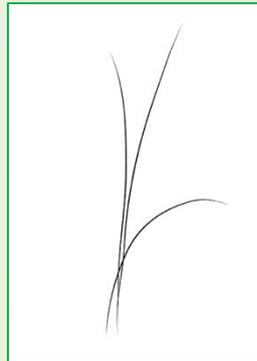

Прорисовываем нижнюю часть, у некоторых -  
**пестик.**

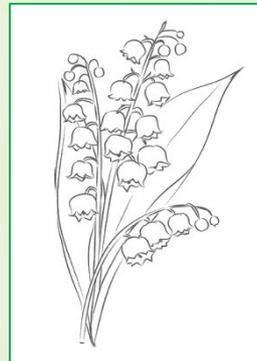

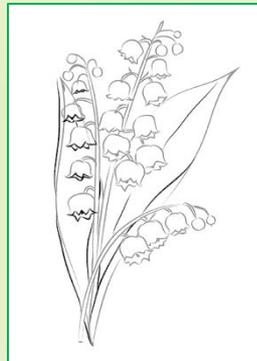

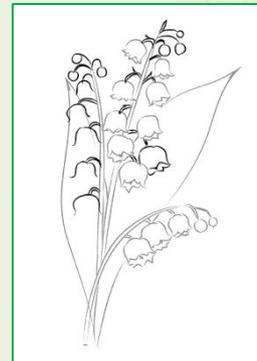

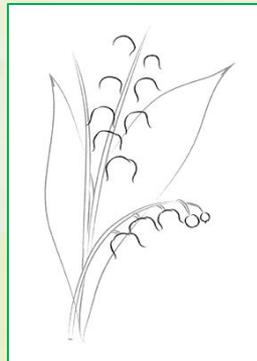

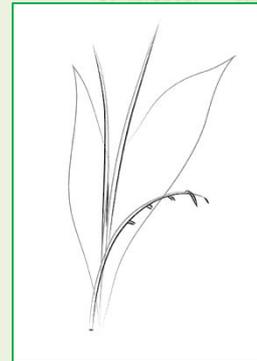

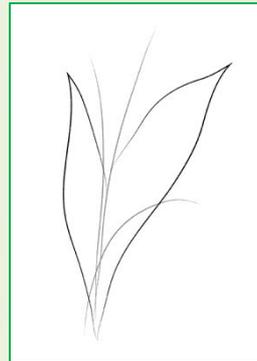

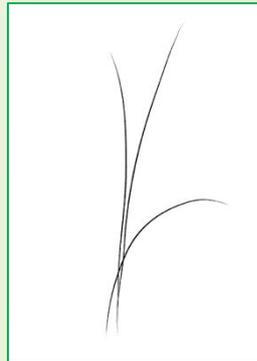

На кончиках стеблей рисуем бутоны, потом веточки и основу цветков.

Рисуем загнутые стороны листиков и дорисовываем цветки.

Стираем все лишние линии.

Ландыш готов! Беремся за краски.
