Чайка

A close-up photograph of a Great Spotted Woodpecker perched on a dark, textured tree trunk. The bird is facing left, its head turned slightly towards the camera. It has a white face with a black stripe through its eye, a red patch on its nape, and a white body with black and white wing patterns. Its red tail is visible at the bottom. The background is a clear blue sky.

Борона

A photograph of two common cranes in flight against a clear blue sky. One crane is in the foreground, angled towards the right, showing its long neck, red crown patch, and patterned wings. A second crane is slightly behind and above it, also in flight. They are flying over a grassy, sandy hillside. The image captures the grace and power of these birds in motion.

журавль

A grey partridge is shown from the side, facing left. It has a greyish-brown body with a distinct red patch on its wing. The background is a blurred field of tall, dry grass.

ласточка

Синица

A close-up photograph of a nightingale bird perched on a dark, textured branch. The bird is facing right, its beak slightly open as if it is singing. Its feathers are a mottled brown color. The background is a soft-focus green, suggesting a natural, outdoor setting.

Соловей

TETEPER

A close-up photograph of a duck swimming on a body of water. The duck has a brown head, a white patch around its eye, and a dark, mottled pattern on its body. Its long, dark bill points downwards. The water is slightly rippled, and the duck's reflection is clearly visible below it. In the top right corner, the word "УТКА" is written in large, bold, blue capital letters with a red shadow effect.

ТУПИК

A close-up photograph of a pheasant's head and upper body. The bird has a vibrant red face, a green crest, and a yellow beak. Its feathers transition from dark blue on the neck to a rich orange-red on the breast and belly. The background is a soft-focus landscape of tall, golden-brown grass under a clear sky.

гусь летит,
кулик не велик,
грач на горе,
всяк кулик
прилетел кулик из заморья,
синица в избе,

свое болото хвалит
зима на дворе
зимушку на хвосте тащит
вывел весну из затворья
а все таки птица
весна на дворе
