Спасибо, ребята,
за помощь! Теперь
я знаю, что такое
транспорт и для
чего он нужен.

A vibrant cartoon illustration. In the foreground, Bugs Bunny, a grey rabbit with a white chest and belly, stands on a yellow path that winds through green, rolling hills. He has a slight smile and is looking towards the viewer. In the background, there are several colorful buildings: one is purple, another is pink, and a third is blue. A large, bright rainbow arches across a clear blue sky with a few white clouds. There are also green trees scattered throughout the landscape.

Но мне пора
возвращаться.
До свидания,
ребята!
