

The image features five blue fish-shaped appliques arranged on a teal, textured background. Each fish is constructed from numerous small, overlapping pieces of blue fabric, giving it a scale-like appearance. They have simple, cartoonish faces with large white eyes and small, curved mouths. From the top of each fish's head, a tuft of green fabric seaweed with three thin, curved blades extends upwards. The fish are positioned in a loose, scattered pattern across the frame.
