

A photograph of a dense forest with tall, thin trees and a thick undergrowth of green plants. Sunlight filters through the canopy, creating a dappled light effect on the forest floor. The overall atmosphere is bright and natural.

Темнохвойные и лиственные леса

1. Темнохвойная тайга

2. Альпийские и субальпийские луга, горные тундры.

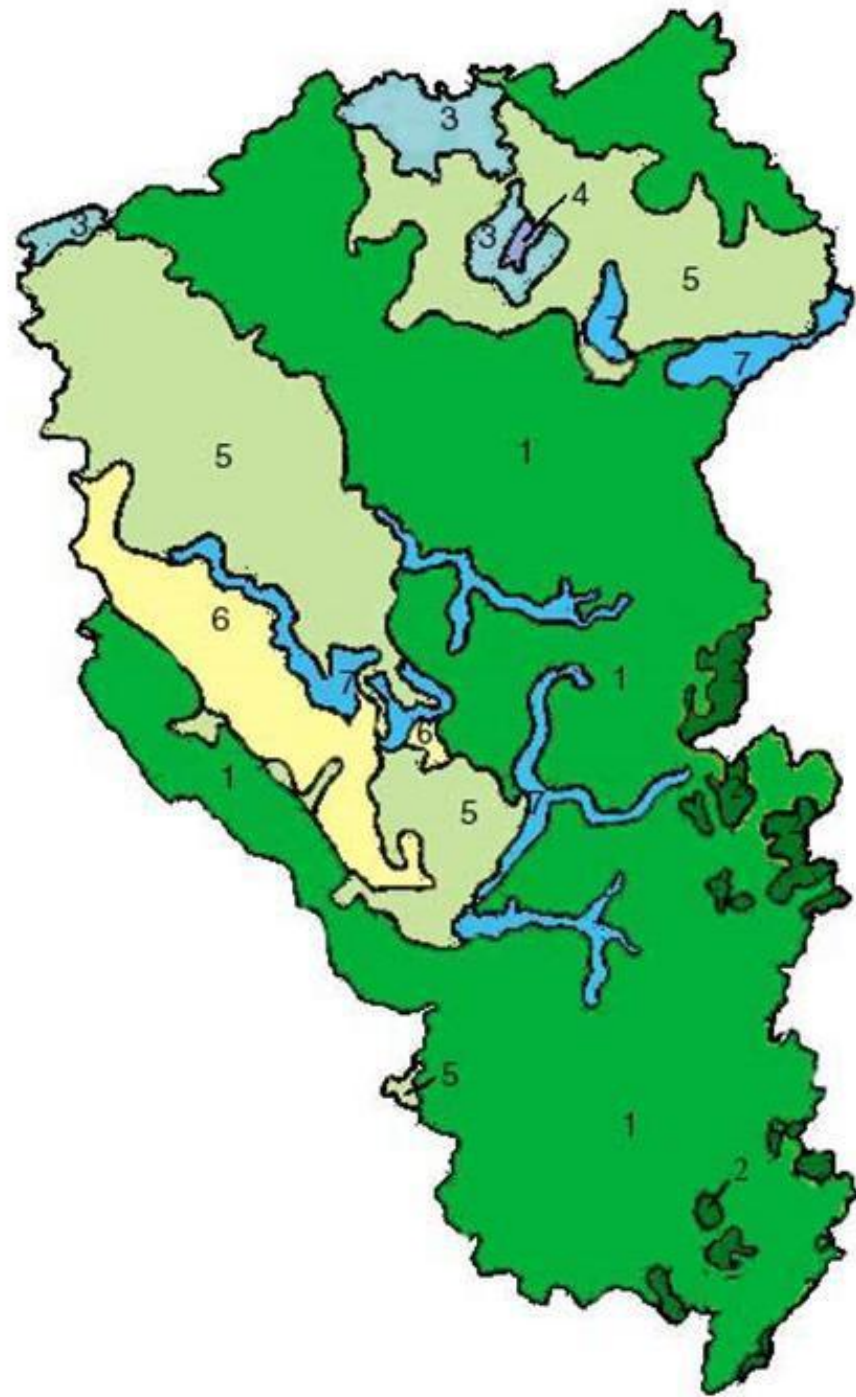

3. Лиственные леса

4. Светлохвойные леса и кустарники

5. Лесостепи

6. Степи и суходольные луга

7. Пойменные луга.

Смешанный лес

A photograph of a mixed forest. The scene is filled with tall, slender birch trees with characteristic white bark and dark lenticels. Interspersed among them are dense evergreen trees, likely spruce or fir, with dark green needles. The sun is shining brightly from the center-right, creating a strong lens flare and illuminating the scene with a warm, golden light. The overall atmosphere is bright and natural.
