A photograph of a dense forest with tall, thin trees and a thick undergrowth of green plants. Sunlight filters through the canopy, creating a dappled light effect on the forest floor. The overall atmosphere is bright and natural.

Темнохвойные и лиственные леса

1. Темнохвойная тайга

2. Альпийские и субальпийские луга, горные тундры.

3. Лиственные леса

4. Светлохвойные леса и кустарники

5. Лесостепи

6. Степи и суходольные луга

7. Пойменные луга.

An aerial photograph showing a vast, dense forest of dark green coniferous trees. In the distance, a large, light-colored lake is visible, surrounded by more forested land. The sky is clear and blue. The text "Тёмнохвойные леса" is overlaid in the center in a bold, yellow font.

Лиственница

A photograph of a deciduous forest. The scene is filled with trees and dense foliage. In the foreground and middle ground, many leaves are bright yellow and green, indicating autumn. Several birch tree trunks with characteristic white bark and dark lenticels are visible, standing vertically. The background is a thick canopy of green and yellow leaves, creating a vibrant, textured backdrop. The overall lighting is natural, suggesting a bright day.

Смешанный лес

A photograph of a mixed forest. The scene is filled with tall, slender birch trees with characteristic white bark and dark lenticels. Interspersed among them are dense evergreen trees, likely spruce or fir, with dark green needles. The sun is shining brightly from the center-right, creating a lens flare effect and illuminating the scene with a warm, golden light. The overall atmosphere is serene and natural.
