Напиши букву «Т», стрелочки тебе помогут.

The image shows a handwriting practice sheet for the letter 'Т' (T) on a grid. It is divided into several sections:

- Top Row:** Shows the stroke order for writing 'Т'. The first 'Т' is solid with a red dot at the top and a red arrow pointing down for the vertical stroke, and another red dot and arrow pointing right for the horizontal stroke. To its right is a large blue outline of the letter 'Т'. Further right is a dashed 'Т' for tracing, with red arrows indicating the stroke order.
- Second Row:** Similar to the top row, it shows a solid 'Т' with stroke order arrows, a large blue outline of 'Т', and a dashed 'Т' for tracing.
- Third Row:** Contains four dashed 'Т's for tracing. Each has a red dot at the top and red arrows indicating the stroke order: down for the vertical stem and right for the horizontal top bar.
- Fourth Row:** Contains four solid 'Т's for independent practice, each with a red dot at the top and red arrows indicating the stroke order.
- Fifth Row:** Contains a series of solid 'Т's for independent practice, including some that are partially formed or broken to show different positions.
