

A large, weathered concrete bucket with a wooden handle and a metal wire handle lies on its side on a grassy hillside. The bucket is positioned as if it has just been tipped, with a trail of light-colored sediment or sand leading from its opening down a slope towards a river. The background features a deep valley with a winding river, surrounded by steep, rocky mountains under a cloudy sky. The overall scene is a metaphorical representation of environmental waste.

«Что может сделать один?»

Задание № 5

«Экологический буксир»

A scenic landscape featuring a calm river or lake in the foreground, reflecting the surrounding environment. The banks are lush with green vegetation, including tall grasses and pink flowers in the immediate foreground. In the background, there are dense evergreen forests and rolling hills or mountains under a bright blue sky filled with scattered white clouds. The overall atmosphere is peaceful and natural.
