

**The party 'Clean
Chelyabinsk' consider
necessary to develop the
ecological culture of
citizens
by means of creation the
system of ecological
education**

The purposes

- to make the city clean, beautiful, well-maintained;
- to increase motivation of the people;
- to draw citizens' attention to the ecological problems;

- to make citizens take part in the city's life;
- to make citizens maintain the cleanliness in our city;
- to control pollution

Objectives of our party

- ▣ to green our city;
- ▣ to organize the good infrastructure in the yards for children and their parents: swings, children's slides and so on;
- ▣ to repair the roads;
- ▣ to create waste treatment plant

- to communicate with the citizens and make the web-site, where people can make different suggestions and to advance the remarks;
- to approve the administrative fines for the breach of the peace
