- purchase commitments sureties;

The banking system of the Russian Federation:

- The Bank of Russia
- Bank for Foreign Trade of the Russian Federation
- Savings Bank of the Russian Federation
- ❖ Commercial banks of various kinds, as other credit institutions licensed to perform banking operations.

BANK

"Disadvantages" of the Russian banking system

- ❑ Currently, the main problem is the prevalence of state ownership of banks.
- ❑ In banking banned municipal property.
- ❑ A very low share of farm property and small shareholders contributions.
- ❑ Excessively high investments in the authorized capital of banks by large entities.
- ❑ The Bank of Russia is federal property.
