

GLOBAL POLITICS
GLOBAL SOCIETY
POLICIES CASES

Introduction

In the modern world we can hear more about such strange terms as global politics, global society and also strange policies cases. In this presentation I will tell you about the value of these terms and about their influence on society.

Global politics presents activity on realization of aims in regard to all humanity and planet Earth. At the center of that activity are the different processes of political globalization in relation to questions of social power.

Global society is a modern world society growing into single unit under act of modern facilities of information and communication. Also this term signify conception of human society, uniting in the composition all humanity, all tellurians and society of entire countries of the world (local societies). The name originates from a word " global", that is decrypted, as worldwide.

Political cases the phenomenon is ambiguous and does not yield to formal determination. Under political cases often imply scandals, unsuccessful jokes of politicians for that they are discharged, political intervention in public life and approving laws that create public resonance.

In a conclusion it should be noted that we are these terms we can understand not fully, but they are the segment of public life, taking part in that does citizens politically active.
