Faculty of Computer Science and Robotics

The 4th International Conference on Information Technologies for Intelligent Decision Making Support

Ufa, Russia
May 17 - 19, 2016

International Conference on Information Technologies for Intelligent Decision Making Support

**10:00 – 10:30 Opening Ceremony of Conference
(conference hall №1)**

woman Prof. Yusupova N.I.

Welcome word

Prof. Krioni N.K. (Rector of USATU)

Prof. Zaripov N.G. (Vice-Rector for academic work)

Prof. Darintsev O.V. (Vice-rector for Research and Innovation)

Prof. Kovacs G.

Prof. Fischer A.

Mr. Prilukov S.A.

Ufa State Aviation Technical University

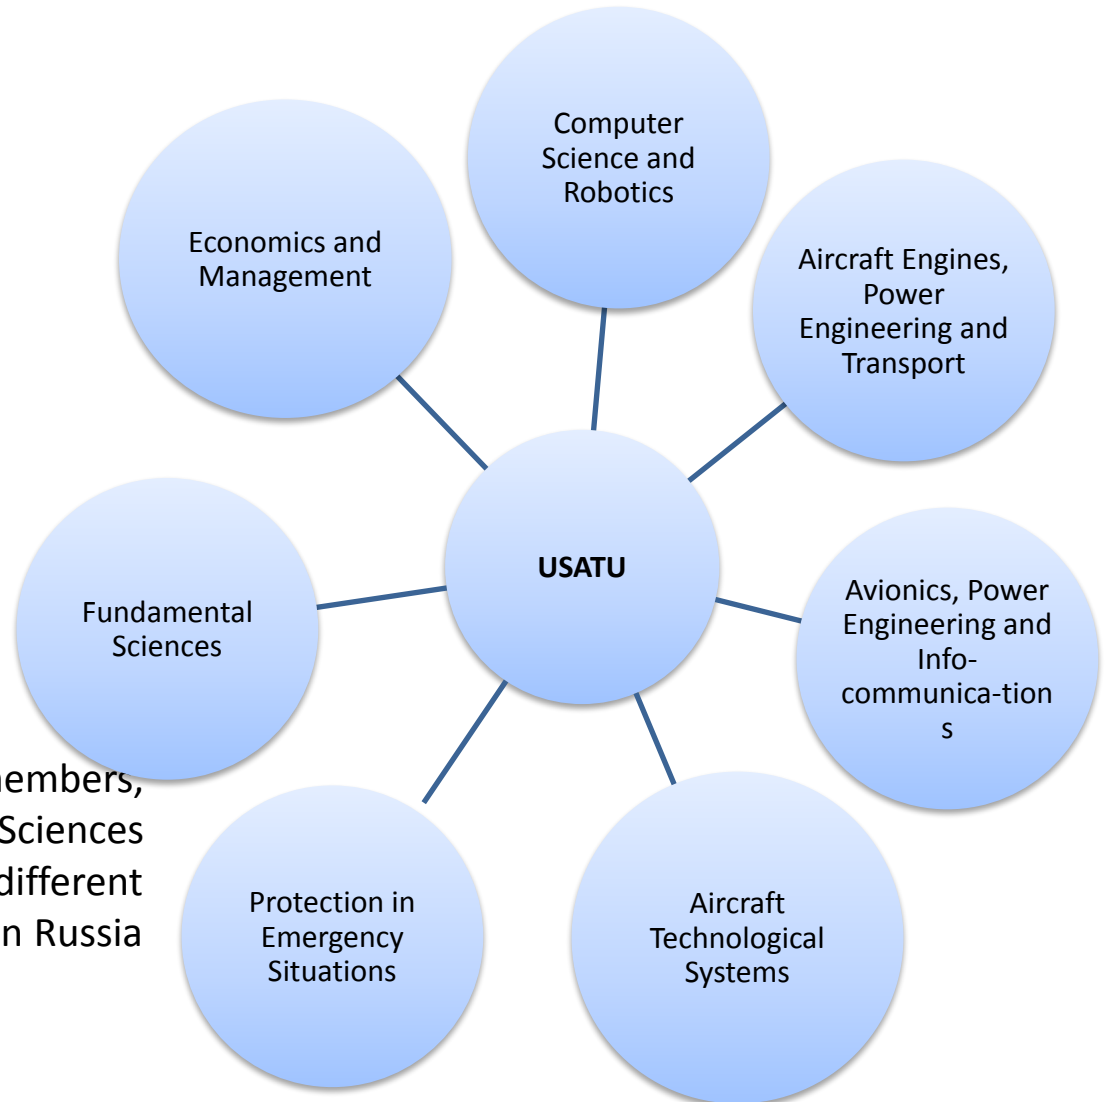

DEPARTMENTS OF USATU

Number of students:

- USATU – 20 000 (st.)
- Branch in Sterlitamak – 840 (st.)
- Branch in Ishimbaj – 915 (st.)
- Branch in Kumertau – 810 (st.)
- Branch in Neftekamsk – 800 (st.)
- Branch in Tuymazy – 330 (st.)

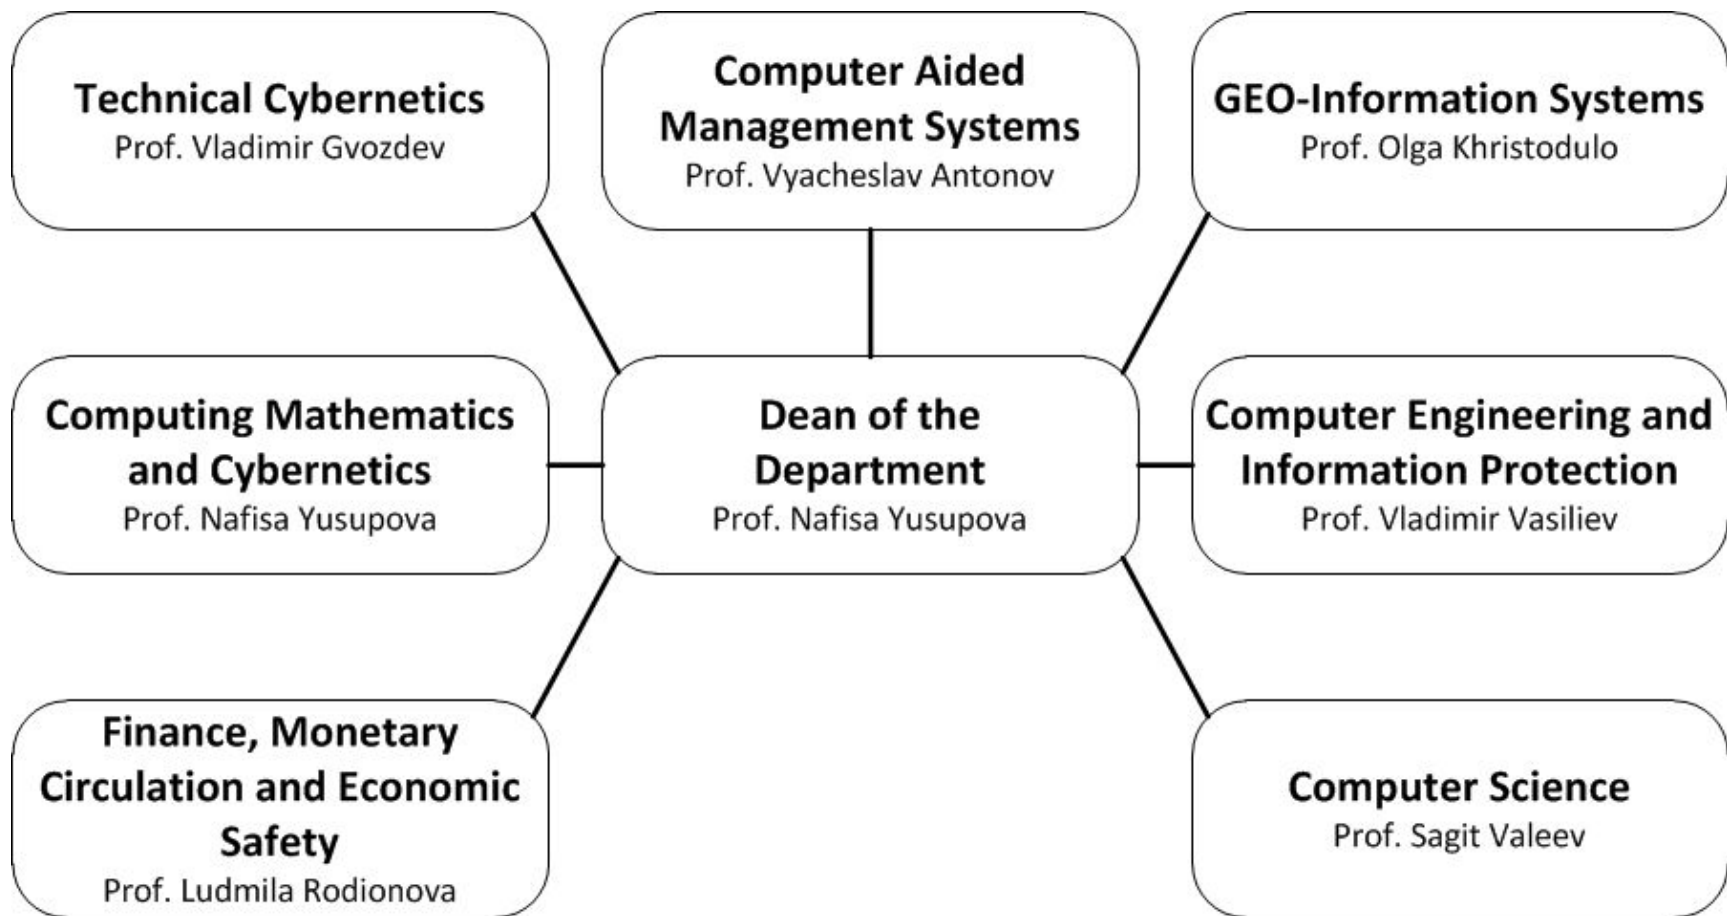

More than 1000 lecturers work at 66 chairs, among them about:

- about 180 Doctors of Sciences;
- about 600 PhDs;
- more than 80 corresponding members, members of the Russian Academy of Sciences and Bashkir Academy of Sciences, different sectoral, state and public academies in Russia and foreign countries.

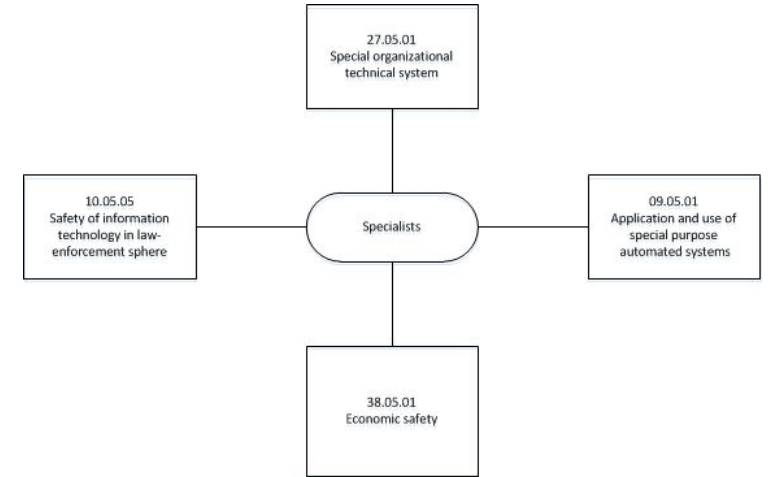

DEPARTMENT OF COMPUTER SCIENCE AND ROBOTICS

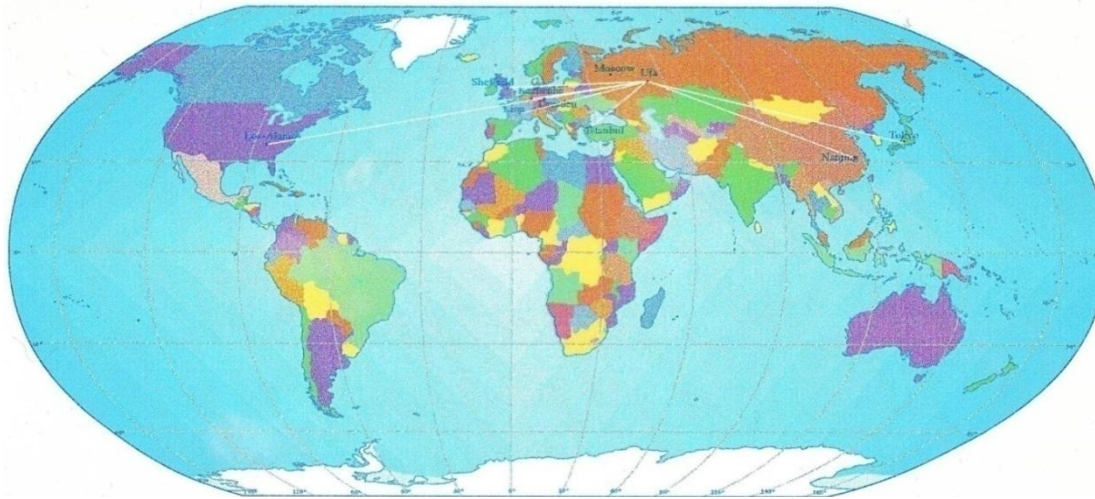

EDUCATIONAL PROGRAMS AT THE DEPARTMENT

INTERNATIONAL COOPERATION AND SCIENTIFIC PROJECTS

The University has agreements on mutual cooperation with:

- Los-Angeles center of material science (USA)
- Karlsruhe Institute of Technology (Germany)
- Meiji University (Japan)
- University of Trento (Italy)
- La Sapienza University of Rome (Italy)
- Universidade Nova de Lisboa (Portugal)
- Ruhr Universität Bochum (Germany)
- Nanjing University of Aeronautics and Astronautics (China)
- Sheffield Hannam University (UK)
- Technical University of Dresden (Germany)
- Bonn-Rhein-Sieg University of Applied Science (Germany)
- University of Wroclaw (Poland)
- Technische Universität Wien (Austria)
- Wroclaw University of Technology (Poland)

International scientific-technical projects:

- "Aviacosmos"
- "Nanocrystals"

Participants of the projects:

SATUU
Universities of Germany, USA, France, China

WORKSHOPS ACTIVITY

□ **International Workshop “Computer Science and Information Technologies”**

2000, 2001, 2003, 2005, 2007 – Ufa, Yangantau, Assy, Krasnousolsk, Russia; 2002, 2009 – Patras, Crete, Greece; 2004 – Budapest, Hungary; 2006, 2011 – Karlsruhe, Garmisch-Partenkirchen, Germany; 2008 – Antalya, Turkey ; 2010 – Moscow – Saint-Petersburg, Russia ; 2012 – Hamburg – Norwegian Fjords; 2013 – Vienna-Budapest-Bratislava; 2014 – Sheffield, England; 2015 – Rome, Italy

□ **“Engineering and Information Sciences: New Methods and Solutions for Emerging Technologies”**

2010 - Karlsruhe, Germany

□ **International workshop “Innovation Information Technologies: Theory and Practice”**

2010 - Dresden, Germany

□ **International Workshop for Young Scientists “Intelligent Technologies for Information Processing and Management”**

2012 - Ufa, Russia

□ **International Summer School “Neuroinformatics”**

2012 - Ufa, Russia

□ **International Conference “Information Technologies for Intelligent Decision Making Support”**

2013, 2014, 2015 – Ufa, Russia

□ **International Conference “Intelligent Technologies for Information Processing and Management (ITIPM)”**

2014, 2015 – Ufa, Russia

□ **International workshop “Technologies of digital processing and data storage”**

2015 – Ufa, Russia

International Workshop “Computer Science and Information Technologies”

- ❖ 2000, 2001, 2003, 2005, 2007 – Ufa, Yangantau, Assy, Krasnousolsk, Russia
- ❖ 2002, 2009 – Patras, Crete, Greece
- ❖ 2004 – Budapest, Hungary
- ❖ 2006, 2011 – Karlsruhe, Garmisch-Partenkirchen, Germany
- ❖ 2008 – Antalya, Turkey
- ❖ 2010 – Moscow – Saint-Petersburg, Russia
- ❖ 2012 – Hamburg – Norwegian Fjords
- ❖ 2013 – Vienna-Budapest-Bratislava
- ❖ 2014 – Sheffield, England
- ❖ 2015 – Rome, Italy

The Workshop's aim is bringing together researchers from different areas, including Distributed Information Systems, Data & Knowledge Management, Computer Control, IT Applications. These areas are heavily related nowadays.

The Workshop attracted more than two hundred submitted technical papers from different countries including both conceptual and experience papers. Both types of submissions were evaluated similarly, in accordance with standards of international forums.

International Conference on Information Technologies for Intelligent Decision Making Support

Research sessions:

- Intelligent models, methods, technologies and systems
- Systems analysis and mathematical methods of decision-making
- Software for decision making support
- Methods, models and information technologies in natural science
- Information systems
- Decision-making methods in complex technical and organizational systems
- Models and algorithms for decision-making systems
- Methodology of artificial intelligence
- Methods, models and information technology in the management of socio-economic systems
- Young scientist's session

Round table:

- Robots and robotics systems
- Models and algorithms of applied optimization
- Problems of education in terms of new standards

Thank you for your attention!
