StarOffice Draw

Microsoft Visio

The screenshot displays the Microsoft Visio interface with a flowchart titled "Packaging and Storage Process". The flowchart is divided into three sections: Manufacturing, Packaging, and Shipping. The process starts with "Start" (red oval) leading to "Insert units in boxes" (blue rectangle). This leads to "Stack specified number of boxes in crate" (blue rectangle). A decision diamond asks "Papers not verified?". If "Yes", it leads to "Seal crate and attach appropriate paperwork" (blue rectangle), which then leads to "File paperwork according to the procedure" (blue rectangle). If "No", it leads to "Communicate" (blue rectangle), which leads to "Ensure corrective action" (blue rectangle), which then leads to "Seal crate and attach appropriate paperwork". From "File paperwork according to the procedure", it leads to "Store for shipment" (blue rectangle), which finally leads to "End" (red oval).

The interface includes a menu bar (File, Edit, View, Insert, Format, Tools, Data, Shape, Window, Help), a toolbar with various drawing tools, and a "Shapes" task pane on the left with categories like "Basic Flowchart Shapes (US units)" and "Department (US units)". A "Theme - Colors" task pane on the right shows "Apply theme colors" options. The status bar at the bottom indicates "Overall process" and "Page 1/5".
